

BIG FOUR IN ROW OVER THE ITALIAN CLAIMS

Orlando Fails to Attend the Afternoon Meeting

PARIS, April 21.—(By The Associated Press.)—The question of the Italian claims was not discussed at the meeting of the council of four this afternoon. The council was unable to agree on the Adriatic question, and decided to proceed to other business. It was hoped that the issue between the Italians and the Jugo-Slavs on the subject of the Adriatic coast and Fiume would be settled at the afternoon session at the "white house," but contrary to expectations, neither Premier Orlando nor Foreign Minister Sonnino appeared. For this reason the question could not be taken up.

Pending receipt of information as to the course of the Italian delegates in desiring to continue the negotiations, the council will take no further action on the subject.

No statement regarding the Adriatic issue has appeared, and it was said that none would be issued today. At the Italian headquarters it was said that Premier Orlando had not left for Rome and that he could not go until he could take with him a definite decision on the Italian claim.

The council of four will hear the Japanese delegates tomorrow on the question of Kiao Chow.

German Troops Attack U. S. Red Cross Mission

NEW YORK, April 21.—German troops have attacked the American Red Cross mission at Kovno, Lithuania, according to a cablegram received here today by the Lithuanian National Council from its Paris representative. The message gave neither the time nor the result of the attack. A Lithuanian soldier was killed in defending the Americans, it was said.

The cablegram read: "The American Red Cross mission at Kovno, Lithuania, has been attacked by German soldiers. While defending the Americans, one Lithuanian soldier was killed. The funeral developed into a great demonstration against the Germans."

No advice of an attack have been received by Red Cross authorities here. The Kovno unit is a branch of the American Red Cross mission to Poland. Its personnel is unknown here.

"The American relief administration is sending ships laden with food and medicine to Lithuania," the council's cablegram added. "Also an agreement has been made with the American Red Cross to send first aid clothing and medicine into Lithuania from Copenhagen."

Peace Treaty Will Contain 100,000 Words

PARIS, April 21.—(By The Associated Press.)—The council of four of the peace conference in the interval before the peace treaty is handed to the German delegates will take up the question of making the document public. Ray Stannard Baker, representing the American delegation in an agreement with the press advisers to the delegation, said that other countries had recommended to the council the publication of the treaty immediately after its delivery to the Germans. Otherwise it is pointed out the first version of the important provisions of the treaty would be issued by the Germans and might be loaded up with German propaganda.

The plan proposed on behalf of the United States is for the American delegates to cable for the simultaneous distribution of the American version of the treaty. A 250 word official summary of the treaty; second, a five thousand word official summary and third, the text of the treaty. The two summaries would be given to the American press at about the same time and the treaty a day or two later, the text possibly to be distributed by installments as it was received.

The text of the covenant of the league of nations has already been telegraphed to the state department at Washington for release under authority by President Wilson. Other parts of the treaty are likely to be cabled during the present week. The final dispatch which may count up to nearly 100,000 words, can be cabled in four or five hours if all the cable lines are cleared for the purpose. The capacity of the cables is 600,000 words a day, and the associated governments could order the text of the peace treaty given first official priority so that the enormous task of transmission could be accomplished with less delay than a press message ordinarily sustains.

On the day the peace treaty is signed the American correspondents will have their telephones in the Louis VIX bath room in the Versailles palace. The entrance will be by a secret door not twenty yards from the table into a little corridor and thence down a few steps into the marble bath room which is sufficiently large for the installation of five or six telephones and one telegraph instrument.

COMMUNISTS DEFEATED
BERNE, April 21.—After a short siege by Bavarian and Wurtemberg troops, the communists in Lindau, on Lake Constance, have been defeated according to messages received here.

The government set up by the communists has been overthrown. Lindau was the most important communist stronghold in Bavaria with the exception of Munich. The peasants in the surrounding country, the messages say, evidence great satisfaction over the downfall of the communists.

AVIATOR HAS NARROW ESCAPE
Portland, Ore., April 21.—Captain Lowell H. Smith, American aviator with the Victory Loan flying circus, made a forced landing during the sham battle here today, when one of the propeller blades flew off his machine. Captain Smith was unhurt. The machine was badly damaged.

DIES FROM WOUNDS
Sioux City, Ia., April 21.—Charles Toothacker, proprietor of a soft drink parlor, who was shot when he resisted demands of five highwaymen who entered his place of business late last night died today. The foot-lads fled without procuring the \$1,700, on Toothacker's person.

ENEMY ACCEPTS ALL CONDITIONS TO CONGRESS

Germany Will Send Only Small Delegation to Meeting

PARIS, April 21.—(By The Associated Press.)—Germany has notified the allies that she accepts all the allied conditions respecting the Versailles congress. This official announcement was made tonight.

Germany will send the following delegates to the Versailles congress with full powers to negotiate:

Count von Brockdorff-Rantzau, foreign minister; Herr Lendseger, secretary for publicity, art and literature; Dr. Theodor Melchior, general manager of the Warburg bank; Herr Leinert, president of the Prussian assembly and of the national soviet congress; Herr Geisberg, minister of posts and telegraphs and Herr Schuecking.

The German party will number 75. The arrival of the delegates cannot be expected before April 28.

PARIS, April 21.—(By The Associated Press.)—Although the peace conference apparently was taken by surprise by the announcement of Germany's intention to send a small delegation to Versailles, the plan is really old, and Berlin and Weimar dispatches to the Associated Press more than a month ago indicated that the German delegates would not have power to make final decisions.

The determination of the German foreign office was based on an interpretation of the program for the initial meeting of the Germans with the representatives of the peace conference. It had been understood that at the first meeting the German delegates would merely be handed the text of the treaty, but would not be permitted to discuss its terms, and would be sent back to Germany to confer with the government and the national assembly, returning after a stipulated interval for the actual discussion.

The German government formally inquired thru the armistice commission regarding the program on the basis of the reply seemingly determined on the despatch of the smaller delegation.

Meanwhile, however, the plans and program of the council of four for discussions with the Germans had been altered, in no small degree, apparently, on account of the fact that it was found a physical impossibility to have the actual text of the proposed treaty ready by April 25.

This would necessitate communicating the determinations of the allied and associated governments to a certain extent in outline or in a less formal shape than the definite text.

For this purpose the presence of the plenipotentiaries charged with the peace negotiations was imperative.

Furthermore, it is planned to have such limited discussion of the peace proposals as President Wilson and his associates are prepared to admit, notably the modes of payment of the sums which have been exacted as reparations and injunctions on any point in the long complicated drafts of the treaty provisions which the German delegates may seek to begin with, without awaiting the action of the government at Weimar. The text of the treaty and difficult points as they arise would in the meantime be communicated to Weimar.

There is little expectation that it will be possible to finish the discussions with the German delegates and have the treaty signed within a week from the date fixed or the first meeting.

RAW MATERIALS WILL BE GRANTED GERMANY

PARIS, April 21.—The supreme economic council will meet tonight to consider proposals to grant a limited supply of raw materials, notably cotton, to Germany, to enable the factories there to start work and to relieve the unemployment which is said to be at the bottom of much of the disorder in Germany. The council is said, also, will revise regulations for German exports required to pay for food imports, an probably will discuss the new economic situation created by the slackening of the blockade regulations as applied to Germany's neutral neighbors.

After April 25, goods and commodities may be shipped to the neutral countries adjoining Germany virtually without restrictions.

AVIATOR WHITE IN WASHINGTON

Washington, April 21.—Captain E. F. White of the army air service, who made the first non-stop flight between Chicago and New York last Saturday, arrived at Bolling Field, here, from New York this afternoon, having made the trip in an hour and fifty minutes.

Captain White before returning by train to Chicago, will make a report on his flight to the War Department.

Illinois Seeks Millions for Deep Waterways

SPRINGFIELD, Ill., April 21.—More than \$14,000,000 will be asked of the federal government for the Illinois waterway between Lockport and Utica and for improvement of the Illinois and Mississippi rivers, according to William L. Sackett, superintendent of waterways, who completed the draft of a resolution tonight which memorializes congress to expend the money.

Senator Barr's bill providing for the construction of the waterway connecting the channel of the sanitary district of Chicago with the Illinois river is expected to pass the upper branch this week.

Federal funds will be petitioned in amounts as follows:

Waterway proper, \$10,000,000. Improvement Illinois river Utica to river mouth, \$1,050,000.

Improvement of Mississippi from mouth of Illinois river to St. Louis, \$3,500,000.

Senator Dunlap said tonight he would delay calling up his state police bill for a final vote in the senate until Wednesday. He stated, however, that he would introduce bills tomorrow calling for an appropriation of \$375,000 for each year of the coming biennium to provide funds to maintain the constabulary in the event that the police bill becomes a law.

Chairmanship of the joint legislative committee to investigate Zion City and Wilbur Glenn Voliva apparently lay between Senator Martin B. Bailey of Danville and Representative Sidney L. Yon of Chicago, both Republicans, tonight. Senator Bailey is senior member of the senate committee and heads the upper branch list.

Senator John Dailey of Peoria, chairman of the joint committee, which completed its investigation last week of the alleged combine of building material manufacturers, planned to call members of his committee together this week to draft a report. It is not expected, he said, that the report would be made public before next week.

BRITISH CENSORSHIP REGULATIONS LIFTED

WASHINGTON, April 21.—Modification of British censorship regulations to permit the use of private codes in cablegrams passing thru London from the United States to South America was announced by the Navy Department.

Restrictions imposed by British authorities as to the censoring of commercial messages and the delay said to result therefrom, and on the use of code, the subject of a number of protests by American business interests and organizations, in which it is charged that the British censorship operated to the advantage of British firms in regaining trade.

PERSHING AWARDS SERVICE MEDALS

WASHINGTON, April 21.—General Pershing today informed the war department that he had awarded distinguished service medals to Major Charles L. Joly and First Lieutenant William J. Schmitt, both of whom were mentioned in dispatches from the front. Major Joly was awarded the medal for his service in the Meuse-Argonne campaign, and Schmitt for his service in the same campaign.

THAW TRIAL POSTPONED

Philadelphia, April 21.—Trial of the civil suit against Harry K. Thaw, for damages in connection with the murder of Dr. J. P. Morgan, which was alleged to have been inflicted on 18-year old Frederick Gump of Kansas City, was postponed today by Judge Finletter in common pleas court.

A tentative date of May 15 was set for the trial. The delay is due to the absence from the United States of Frank P. Walsh, counsel for the Gump family.

DANIELS IN COLOGNE

Cologne, April 21.—(By The Associated Press.)—Secretary of the Navy Daniels and his party arrived here today by boat from the Coblenz bridgehead. After spending several hours in Cologne, the party proceeded to Liege. Tuesday morning the secretary will go to Louvain and then will spend a day in Brussels before going on to England.

NO END IN SIGHT

Leadville, Colo., April 21.—A committee of striking miners and mine operators conferred without reaching a decision tonight, in an effort to adjust over wage reductions which resulted yesterday in a strike of 1,000 metal miners in the Leadville district.

ANOTHER BLOCK OF TREASURY CERTIFICATES

Washington, April 21.—Another \$500,000,000 block of treasury certificates of indebtedness due May 1, and maturing October 7, with the usual rate of 4 1/2 per cent, was announced today by the treasury. Subscriptions will be received up to May 8.

FIRE DESTROYS POTTERY PLANT

Macomb, Ill., April 21.—Fire of unknown origin today destroyed the plant of the Buckeye Pottery Co., causing a loss of about \$30,000. The plant will be rebuilt.

Ansell Clashes With American Bar Association

WASHINGTON, April 21.—Colonel Samuel T. Ansell, former acting judge advocate general and chief figure in the attack upon the army disciplinary system, accused the committee of the American Bar Association today with having placed itself under the domination of the war department in its investigation of military justice and of shutting its eyes to the truth. His assertion, made on his appearance before the committee, was challenged by Chairman Gregory, who warned Colonel Ansell that he was over-suspicious and "on the wrong track."

"We are not anybody's tools," declared Judge Gregory. "I don't propose to surrender my judgment to anybody. If you are for justice this committee will shake hands with you."

Colonel Ansell specifically attacked the right of Martin Conboy, New York, to sit on the committee. The relationship between Conboy and Major-General Crowder, judge advocate general, had been such, Col. Ansell said, as to make him "a staunch supporter" of General Crowder.

Mr. Conboy was not present at the session, but Judge Gregory pointed out he and the other members of the committee had known General Crowder and respected him highly, and added: "I do not think that would influence my mind."

Arraigns Justice System.

Colonel Ansell then proceeded with his arraignment of the court martial system itself, denouncing it as un-American and, in practically unchanged survival of the old British military code adopted in 1774 when soldiers were the creatures of a sovereign or overlord. Colonel Ansell will continue tomorrow with his carefully prepared argument. He did not pass today beyond the executive history of the articles of war.

Colonel Ansell opened his hearing with a prepared statement which he declared his conscience required him to make. His attack upon the method and personnel of the committee was contained in this document.

Declaring that he was the leading opponent of the army court martial system and had been subjected to "military restrictions" in his efforts to reform it, the officer said, the fact that the committee "at this rather late date" had asked him to appear was significant to him. He expressed regret that the committee did not call him sooner in order that he might have better prepared the case he desired to present.

"Military justice," said Colonel Ansell, "is not being best served by the method of investigation pursued by this committee, but, on the contrary, stands in a fair way to suffer at your hands."

Colonel Ansell declared that while his own view was that the army court-martial system was un-American and oppressive, on the other side were "those in highest military authority," who were endeavoring "by the use of the organized power of the government" to make the people believe that there was nothing in the system to cause uneasiness.

LIMERICK STRIKE ASSUMES NEW PHASE

LIMERICK, Ireland, April 21.—(By The Associated Press.)—The general strike against the military area, assumed a new phase today when the finance commission of the Limerick trades and labor council announced tonight that it was preparing to issue its own money in the form of 1 shilling and 10 shilling notes which would be used in the purchase of food for the 14,000 strikers. The money is called "strike treasury notes" and is secured by the stock of food which it is proposed to purchase with the financial gifts reaching Limerick from other parts of Ireland.

The total amount of the issue has not yet been determined, but the printing presses already are at work.

SENSELESS BODY OF WOMAN FOUND

NEW BOSTON, Ill., April 21.—Her head and face badly crushed, her hands lacerated, and clothing torn, the senseless body of Miss Maude Sanders, aged 25, was found lying near the depot here this morning. Lee Landers, a lately returned overseas soldier with whom the girl attended a picture show last evening, is missing.

Bloodhounds were placed on the trail late today. No hope of recovery is held out for the victim of the assault.

VOTE TO CONTINUE STRIKE

Leadville, Colo., April 21.—At a mass meeting of the newly organized metal miners' union today, all matters pertaining to wages were referred to a committee with authority to act on behalf of the miners. There was no discussion of a proposed compromise of \$4 a day and the strike of the miners begun yesterday will go on.

There is no picketing. The mine operators have announced they will not attempt to bring in outside labor to operate the properties.

WHEAT DIRECTOR OUTLINES PLANS FOR 1919 CROP

Americans Will Not Pay More Than Foreign Buyers

NEW YORK, April 21.—Despite maintenance of the government guaranteed price in the face of an American wheat crop which will probably break all records, domestic consumers will not pay more for the product during the coming year than the rates currently accepted from foreign buyers, Julius H. Barnes, newly appointed federal wheat director, assured the public in a statement here tonight outlining the policies of his administration.

Mr. Barnes termed unsound any governmental scheme of artificial subsidizing and thought it quite possible with the greater part of Europe looking to America for food and the crop prospects of the allied countries even poorer than last year, that little inroad except of a temporary nature, would be made on the billion dollar fund provided by congress to carry out the farmer's guarantee of \$2.26 a bushel.

However, should there be a surplus product of wheat he said, the national treasury would be protected as far as possible in making good any difference between the guaranteed and market rates by determination of a world price for the sale of the surplus. At present, the world price exceeds the government price. How much of the federal appropriation would be expended, the director stated, would depend on the harvest, as would also the government policy in buying and selling portions of the crop. Until facts concerning the 1919 yield were more generally known, he added, no definite plan of operation could be intelligently adopted.

Three Plans Under Way

In relation to federal acquisition of wheat, which he predicted would be carried out on an extensive scale in forcing the farmer's guaranty, Mr. Barnes said three plans were under consideration:

Direct dealing with the farmers, purchasing thru the country grain exchanges, and buying thru the mills.

As to the sale of government acquired stocks, the director said that congress had delegated to the president large powers and discretion, which would be at the service of the wheat administration. The sale policy, he stated, would be decided by factors developing with the season and the license power would be used, if necessary, to control trade practices so as to assure proper reflection of the guaranteed price reaching all classes of producers.

Mr. Barnes predicted that America's 1919 wheat yield would tax to the utmost the country's storage, railroad and shipping facilities. He expected reduced wheat and wheat products prices within two months, but saw little chance of reduction in price for the five cent loaf of bread. The cost of flour was only 35 per cent of the cost of bread, he said, and with wages and other factors of manufacture at higher levels, there was no present likelihood that the price would be cut in two.

Mr. Barnes denied reports that government agencies were urging farmers to cut down their acreage of spring wheat. The 1918 harvest—second largest in the nation's history—was consumed or pledged, he said. Whether the world value would continue during the coming year higher than the government fixed price, he said, would depend on the foreign crop.

It would be well for Americans to appreciate, Mr. Barnes asserted, that "five ravens" had created an unparalleled world food position.

SOVIET TROOPS OCCUPY NAVAL PORT

PARIS, April 21.—(Havas.)—The naval port of Sebastopol, in the Crimea, has not been occupied by Russian soviet troops, according to a dispatch to the Journal des Debats, dated Sunday at Saloniki. The dispatch says that nothing appears to have stopped for the time being in the southern Crimea. The Bolsheviks are said to be slackening their advance in the face of the allied artillery fire.

A Russian wireless message received in London Sunday night said that Sebastopol had been evacuated by the Crimean government. The government of Sebastopol was said to be in the hands of a revolutionary committee. The message added that, after negotiations with the allied command, an agreement had been reached for an armistice of eight days to expire April 25.

BOY SCOUTS WILL BACK LOAN

New York, April 21.—The Boy Scouts of America announced here today that the organization would put its membership, 48,987 men and boys, behind the Victory Loan in response to a request from the Treasury. Secretary of the four previous loans, the Boy Scouts turned in 1,856,906 subscriptions totalling \$276,895,450.

Settlement of General Strike In Berlin Reached

BERLIN, Saturday, April 19.—(By The Associated Press.)—A settlement of the general strike in Berlin was reached today after negotiations between representatives of the strikers and the employers and the minister of labor. The settlement is tantamount to recognition of the demand of the strikers that they be given a vote in determining engagements and dismissals and promotions of employees.

A law giving force to the new regulations will be incorporated shortly in the government's socialization legislation.

The preliminary settlement now awaits only formal confirmation by the factory and office councils who are expected to ratify it Sunday. The factories and banks, it is expected, will resume full operation Tuesday.

More than 2,000,000 volunteers were at work today in the big concerted movement to "finish the job" but reports indicated that the opening was marked by less excitement than those in previous loan campaigns when fighting was in progress.

FRANCE'S FOREMOST AVIATOR KILLED

PARIS, April 21.—(By The Associated Press.)—Julius Vedrines, a noted French aviator, was killed today when his machine fell in the department of Drome while Vedrines was attempting to make a non-stop flight from Villard to Rome. The mechanism in the machine also was killed. The machine was wrecked.

The accident occurred about 10:30 o'clock this morning at Les Fourilluses, and it is believed it was due to the machine collapsing in the air. The aviators fell from a great height and the death of both was instantaneous.

Julius Vedrines was one of the leading French aviators. He was one of the first Frenchmen to make an aviation and during the years 1911 and 1912 was very active in aerial races in Europe. He was one of the first aviators to fly from London to Paris.

In August, 1912, he came to America and won the international aviation race at Chicago on September 9. In 1913 he flew from Paris to Cairo.

Vedrines served in the French aerial service early in the war and was later made an instructor.

LLOYD-GEORGE WILL RECEIVE IRISHMEN

PARIS, April 21.—(By The Associated Press.)—Premier Lloyd George has agreed to receive former Governor Edward P. Dunne, of Illinois, and Frank P. Walsh and Michael J. Ryan of Philadelphia next week. The Americans were chosen by the Irish societies in the United States to appeal to the peace conference on behalf of Ireland.

The arrangement for the meeting was made by Colonel Edward M. House today at the residence of the British premier. Mr. Lloyd-George said he was unable to receive the Americans this week, owing to the pressure of business and requested them to remain over for a conference until next week.

It is expected that the Americans will take up the question of Mr. Lloyd-George receiving the delegates from Ireland.

WILL CONFER WITH KANSAS CITY MINERS

Springfield, Ill., April 21.—John J. Lewis, vice-president of the United Mine Workers left last night at 10:30 o'clock for Kansas City, where he will confer with employees and officials of the Central coal and coke mines. The employees have been on strike there since last Wednesday.

Mr. Lewis said that he will hold a conference tomorrow with representatives of both sides. The Central Coal and Coke Company operates mines thruout Oklahoma and Kansas.

WOMAN ATTEMPTS SUICIDE

Chicago, April 21.—A woman registered at a downtown hotel Saturday as Louisa Brown, Springfield, Ill., called the switchboard operator tonight and muttered: "Send a doctor; I'm dying."

She had taken poison and is in a hospital in a critical condition.

VICTORY LIBERTY LOAN STARTS OFF WITH A RUSH

Millions in Subscriptions Pour Into Banks

WASHINGTON, April 21.—Uncounted millions in subscriptions to Victory Liberty Notes poured into banks and soliciting committees throughout the United States today, but no official reports had reached national headquarters here tonight to give any comprehensive idea of the harvest on the opening day of the three weeks' campaign. Subscriptions probably will not be shown fully until late in the week.

More than 2,000,000 volunteers were at work today in the big concerted movement to "finish the job" but reports indicated that the opening was marked by less excitement than those in previous loan campaigns when fighting was in progress.

Long before closing hours tonight, telegrams arriving at the treasury told the story of enthusiastic communities which had subscribed their full quotas the first day. Among the first to report this record were: South St. Paul, Minn.; Albany, Ga.; Middletown and Derby, Conn.; Proctor, Vt.; Merrimack and Brentwood, N. H.; Rockport and Fryeburg, Maine; Briggstone Gap, Va.; Lodi, N. J.; Blairstown, N. Y.; Clark Mills, N. Y.; Ardley, N. Y.; Attica, N. Y.; North Java, N. Y., and Barnwood, N. Y.

The treasury had not reported as yet on the achievement of Detroit, reported to be the first large city to oversubscribe its quota.

General Distribution.

"Early indications," said a treasury review of the campaign, "were that the Victory Notes were receiving general distribution and not being bought up largely by banking institutions."

"Several telegrams from different sections of the country directed particular attention to this feature of the campaign."

Students from the Haskell Indian Institute at Lawrence, Kans., exceeded their quota today in their home county, and counties in the Kansas City district also reached their quotas today, some of them using the volunteer system exclusively.

Lynn, Mass., one of the first cities to obtain its quota in the last campaign, today started a courier walking to Washington with a pledge from the city to subscribe its quota.

Three counties in the Atlanta district, Cullman county, Alabama; Loudon county, Tenn.; and Bradley county, Tenn., reported their quotas exceeded a few minutes after the campaign opened.

The U. S. S. Marblehead, one of the three destroyers which will tell the story of the Victory Liberty Loan to the entire country by two voyages from San Francisco to New York, pulled out of the Golden Gate this afternoon to begin a four and one half billion dollar journey.

Chicago Subscribers \$17,500,000.

Chicago, April 21.—Unofficial estimates of the sales of Victory Liberty Bonds on the first day of the campaign in Chicago were placed by the loan headquarters at \$17,500,000.

The estimated amount is nearly twice the daily average which must be maintained for Chicago to meet its quota of \$189,225,000. It included previous pledges of \$12,000,000 from some large business firms and individual purchasers.

Volunteers from Great Lakes Naval Training Station, started thousands of persons who thronged Michigan Avenue, when one of the machines dived into Lake Michigan from a height of about 500 feet. The men were rescued by two submarine chasers which are here in connection with the Victory Loan.

Detroit Oversubscribers.

Detroit, April 21.—Detroit raised her Victory Banner tonight claiming the honor of being the first large city in the country to oversubscribe its quota in the Victory Liberty Loan. Loan workers predict the total subscription will near the \$100,000,000 mark. Today's subscriptions exceeded \$60,000,000. The city's quota was \$55,494,413.

Among the larger purchasers were the People's State Bank, which took \$20,000,000, and Henry Ford and the Ford interests \$10,000,000.

20,000 SPOILED CHICKENS SEIZED

Kansas City, Mo., April 21.—Deputy United States marshals late today seized 24,000 dressed chickens, part of a shipment which had been placed in a local storage warehouse. According to officials, the fowls are valued at more than \$20,000.

A complaint filed with the United States district attorney alleged that the chickens were sent to the local storage from Leavenworth, Kans., where they had been in storage since last November and that they were unfit for consumption.

SUFFRAGE PROSPECTS

Equal suffragists who favor federal amendment now have a rosy prospect. Representative Mann is avowedly for suffrage and is chairman of the house committee which has the matter in charge. Representative Mondell, Republican floor leader, is an advocate and there is every prospect of success in the house. If the bill can gather similar strength in the senate there is little doubt about its being submitted. If the matter is rushed as the suffragists hope there will still be time this year for action by legislatures in fifteen states.

JOBLESS AND THE JOBLESS

It is not surprising that farmers who are in need of workers cannot understand the system that makes it possible to release from army service men without jobs while thousands of men who are needed on farms are kept overseas or in army camps here. It does look inconsistent for the government to carry on an extensive campaign designed to secure employment for released soldiers while in many areas the farmers are making such insistent and unanswerable demands for the release of the army workers. Locally this does not apply, for the number of workers here is sufficient for present demands. There may come a time next summer if the present great wheat prospect is realized when a labor shortage exists, but that time is "not yet."

CONTROL THE EXPLOSIVES.

At no distant date it is likely that federal restraint with reference to the transportation of explosives will be released, as that law was designed for the war period. But there are indications that various state legislatures will enact laws which will continue this restraint, and certainly such measures are needed. With possible industrial unrest and the certain presence of some "reds" explosives should be kept out of their hands as a matter of public safety. It is a well known fact that then absolute control of fire arms and explosives would go far toward the suppression of crime in this country.

TRAFFIC RIGHT OF WAY.

Evidently Springfield has traffic troubles too. Here is what the Register recently said editorially: Is there a traffic right of way on any of the boulevards or streets in Springfield? It is the understanding of the State Register that boulevard traffic has the first right of way, and that then comes the north and south streets. But just start out today and see how little attention most automobilists pay to any rules or regulations.

The great number of cars in Springfield makes it imperative that there be thoroughly understood rules of traffic. The State Register urges the city commission to impress upon motorists the necessity of obeying traffic rules. But first, let us have the traffic rules in sort, succinct and understandable form. It is easier to drive an automobile in the city of Chicago or New York, than it is in Springfield.

Drivers in big cities understand the rules and obey them. Springfield automobilists go on the theory that rules can be made to cover each emergency.

The State Register urges immediate action on the part of the city commission.

Springfield automobilists need official pronouncement of the traffic rules.

WILL FIND A WAY.

Mr. Roper, internal revenue commissioner, who has said that he does not have men or funds available for enforcement of the federal prohibition amendment, sounds like a man who doesn't favor prohibition. Statements such as he made are of a kind to make the task of enforcement more difficult and to inspire the liquor interests with hope.

Nevertheless Attorney General Palmer talks in different vein and has come to the front with the statement that the department of justice is fully ready to enforce the law. That has the proper sound, no matter what one's opinion may be about the advisability of prohibition.

GEN. WOOD IN EARNEST.

The movement to boom General Leonard Wood for the presidency is taking on more strength and Wood Clubs are being organized in the east and some of the states of the central west. Wherever Gen. Wood has spoken in his recent itinerary men have been impressed not with his oratory but with his serious earnestness, especially with reference to after the war problems. If they look back two or three years they will find proof that the same sort of earnestness actuated General Wood when he was urging preparedness and military training—arguing it notwithstanding such eminent men turned deaf ears toward him.

WHAT ARE YOU PUTTING IN

At the meeting of the business men Monday night when steps were taken for reorganization of the Chamber of Commerce a story was told which well sums up the spirit of public service. According to this story in a southern town it was the custom to invite any visiting minister to fill the pulpit of the local church, where no regular pastor presided. One Sunday a visitor was thus invited and went to the church, accompanied by his little daughter. He preached the sermon to the best of his ability and as he was leaving the church the child audibly said: "Father, didn't you forget something? They didn't take any collection today." Out in the vestibule the minister noticed a collection box nailed to the side of the wall with an appropriate inscription above it. He read the wording and then dropped in a half dollar. Just a little later outside the building one of the deacons approached him and with the words, "Parson, we have the custom here of always turning over to the one who fills the pulpit the amount of the morning collection" handed the parson his own half dollar. "Well," said the child, "Don't you see, papa, if you had put more in you would have gotten more out?"

There is something in this story in its relationship to citizenship, and a man who puts nothing into community life has no right to expect to take anything out. A man who contributes sparingly can expect to receive in the same proportion.

Perhaps you may think it a severe test of citizenship but think it over and you will find the inherent truth. And reviewing the matter from another angle, is it right for you to expect to receive more than you give?

It is just another way of looking at this question of service. It is the truthful way. It is a way which can bring modern life to genuine philosophy of service spoken so many years ago: "He that would be the greatest among you, let him be the servant of all."

Rippling Rhymes By Walt Mason

Trouble.
I look abroad, across the sea,
and what I there behold, pats
gooseflesh on my marble brow,
and makes my feet grow cold.
The blooming nations over there
don't seem to care for peace;
they haven't had enough of war
—they hate to have it cease.
With chips upon their shoulder blades
paw around and cuss, and seem
to hope some looted gear will
start another fuss. I wouldn't
care a tinker's hoot how much
those nations fought; if they'd
confine their scrapping to their
own ten acres, and not expect
the outside world to drop its useful
tools, and take up swords and
guns again, to curb a bunch of
fools. Alas, I fear that Uncle
Sam will be, in future years, kept
busy doing peeler's work in both
the hemispheres; when not sup-
pressing Red at home, who would
o'erthrow the law, he'll have to
chase some Red around, and soak
him in the jaw; he'll have to help
out ten cent kings and jack up
sagging thrones, and every five
minutes he must blow a billion
bones. The nations all have
come to look on Uncle Sam as one
who works the scales of justice
and looks on the job as fun. I
should be proud of this, no doubt,
but I'm a mossback jay, and I re-
gret the bygone times, the old
contented way, when Uncle Sam
was satisfied to run our native
land and warble "Hail Columbia,"
an eagle in each hand.

MRS. McDONALD DIES AT WINCHESTER

News of Her Going Came as Shock to the Community—Union Service Sunday Largely Attended—News Notes.

Winchester, April 21.—The community was shocked early Monday morning when it learned of the sudden death of Mrs. Josiah McDonald. The deceased was in her usual health Sunday and attended the Easter service Sunday evening at the Methodist church. About 5 o'clock Monday morning Mr. McDonald awakened and found his wife breathing heavily. He tried to rouse her and called his daughter and his neighbor, Dr. Straight, but she passed away a few minutes later.

Mr. and Mrs. McDonald had been residents of Winchester for many years and had lived in Scott county all their lives. Their home was formerly on a farm near the News school house, where their son, Clarence McDonald, and family now reside. The deceased was a member of the Methodist church and was highly esteemed by many friends. She was a woman of a kindly disposition and will be greatly missed in her home and the community. She is survived by her husband, Josiah McDonald, one daughter, Mrs. Leola Dahman, two sons, Clarence McDonald, living southeast of Winchester, and Jesse McDonald of Omaha, Nebr., she also survived by two sisters Mrs. Hardin McLaughlin and Mrs. Hannah Dawson of Winchester, and by three brothers, Newton, Albert and Ornsby Dawson. There are three grandchildren, Mary Ruth and Ewing McDonald and Mark Dahman.

Funeral arrangements have not yet been made.

Union Service Sunday.
The large auditorium, gallery and Sunday school room of the Methodist church were filled Sunday evening for the Easter concert, which was given by singers selected from the different churches. The following was the program rendered:

PRIVATE GUY KIMBEL HERE ON FURLOUGH

Private Guy Kimbel arrived in the city Sunday morning for a five day furlough from Edgewood arsenal, Maryland, and is now at the home of his parents, Mr. and Mrs. D. P. Roy, 134 Prospect street. The young man enlisted at Springfield in December, 1917, in the aviation section of the army, from which he was later transferred to the chemical warfare department. He has been located at seven different camps and since last June has been at Edgewood arsenal. During the war period gas shells were manufactured here but since the hostilities ceased the arsenal has been used for the storing of vast quantities of shells. Private Kimbel has been employed on guard duty there and more than 500 soldiers are similarly engaged at present.

In the course of a few weeks young Kimbel expects to be released from the army and he will then probably engage in civilian work at the arsenal. He finds the work very interesting; an army life agrees with him is proven by the fact that he is looking remarkably well.

SUNRISE PRAYER MEETING SUNDAY

The sunrise prayer meeting held under the auspices of the Union Young People's Society of Jacksonville at Nichols park Sunday morning at 7 o'clock, was an occasion of special interest. There were about sixty persons in attendance, most of whom were young people representing the various religious organizations of the young people of the city. J. S. Findley, the president of the society, was in charge of the program and read a Scripture lesson a part of the 16th chapter of Mark. Ten questions on the subject, "Facing the Future with Confidence," were passed out and the answers were given from the 12th chapter of Luke. Some vocal and instrumental solos added greatly to the pleasure of the meeting. The services were held on the lawn south of the pavilion and the beauty of the surroundings added much to the impressiveness of the occasion. Plans are now being made for a meeting some time in May, and this will probably be the last until fall. Miss Cora Cherry is vice president of the society, Miss Leola Pyatt, secretary-treasurer and Miss Jeanette Benson, chairman of the devotional committee.

"GRIZ" GOES GUNNING FOR HUMAN GAME

Well Known Colored Man Runs Amuck in Broadway Alley — Captured by Officer Baker

Fred Griswold, colored, better known as "Griz", went gunning Sunday, but he was hunting human game. Griz was armed with a shotgun and was determined to put out somebody's light. In addition to having a loaded shotgun he was also loaded with bad whiskey.

After he had been at large for some time, the police were notified, and Sergeant Kiloran and Officer Baker went in search of the walking army. They finally ran across him as he was leaving the house of Rhoda Saltee.

The officers outflanked "Griz", and Officer Baker made flying tackle and went down with his man and the gun. Fortunately the gun was not discharged and "Griz" was taken to the police station.

Monday he was taken before Justice Opperman. It being "Blue" Monday, and the "Squire" being opposed to the totting of guns, especially in the hunting of human game; he assessed Griswold \$100 and costs. Being unable to pay the fine he was sent to jail.

EASTER SERVICES AT CHAPIN CHRISTIAN CHURCH. Last Sunday evening the regular annual Easter services were held in the Chapin Christian church.

These services have been growing in interest until a climax was reached both in attendance and program. A committee consisting of Mrs. Frank Woodman, chairman; Mrs. Glenn Bond and Miss Ruth Funk, had 54 children well drilled and every one able to carry out the part almost to perfection. Several numbers deserve special mention but the program was so happily rendered it is well not to do so.

There were songs by the whole school; solos, duets and choruses by the little folks, recitations, dialogues; a Flag Drill by twelve girls. A tableau "Jesus Is Risen" brought the program to a close.

The children were assisted by a band of seven pieces, led by Prof. Leitz, Piano solo by Miss Hallie Markham; Solo by Miss Edna Hatches; Piano Duet by Miss Jone Coultas and Miss Ruth Hatches; Scripture Reading by Superintendent, Mr. Funk. Prayer by Pastor, Rev. C. G. Cantrell; Blessing Prayer by Rev. J. T. Herbert. The other church adjoined their services and enjoyed the services with us.

There was every evidence that the large audience appreciated every number on the program. The offering also gave evidence of interest in the work of the children and the orphans' home in St. Louis. The whole event proved a grand uplift for the community.

LIEUT. WEIRICH BACK IN JACKSONVILLE

Lieut. W. H. Weirich has returned to Jacksonville, accompanied by Mrs. Weirich and children, who have been with relatives in Waterloo, Iowa, for a number of months past. Lieut. Weirich was recently released from the service at Ft. Dodge, Iowa. He left Jacksonville last July for Camp McClellan, Annapolis, Md., and after a stay of several months there was transferred to Camp Crane, Allentown, Pa. It was near the close of October he was finally assigned to service overseas and the vessel on which he was a passenger was in transit at the time of the signing of the armistice. Lieut. Weirich was for a short time in London, then at Winchester, England, later at LaHavre, France and from the latter city went to a hospital center in the Toul Sector. There are five base hospitals at this point and the lieutenant was engaged there until he received his orders to return to the U. S.

While he is glad to have been in the service, Lieut. Weirich is also very happy to be in Jacksonville again and to return to practice.

CAPT. VICKERY MAY SAIL SOON.

A cablegram just received by Major and Mrs. E. C. Vickery of the Colonial Inn brought the welcome news that their son, Capt. Earl Vickery, may sail for the U. S. about May 1. Capt. Vickery, who has been acting private, said that he expected to return to his regiment soon and that no more mail should be sent until something more definite as to the future was known. There are many Jacksonville people who are greatly interested in the movement of the 33rd division and who will be glad to know there is a probability of its return to the U. S. in the near future.

BECOME SLENDER

A simple guaranteed method

If you would like to lose, weekly, from one to five pounds of burdensome fat while eating and drinking all you need, also enjoying life far better than at present, just follow this advice:

Take seven deep breaths of fresh air each morning and evening; after each meal take a little oil of korein; eat all you need, but chew thoroughly, and follow other simple directions of the guaranteed Korein system.

Men and women who were waddling around with heavy, sluggish bodies, in many cases, reported a gradual, agreeable reduction of thirty to eighty pounds, with wonderful benefit to health the time to become slender, attractive, vivacious and healthier, very easily. Get oil of korein at the druggist's; it comes in capsules, convenient to use and is now sold at before-the-war low price. Weigh and measure yourself week to week. You can scarcely realize the joy that awaits you in normal, symmetrical figure, with good health and longer life. Show others this advertisement.

I. C. MEN HELD BANQUET AT CHICAGO

Lt. Col. Capps and Others Talked
—Pres. Rammelkamp Summed
Up the Proud War Record of
the College.

At the recent banquet for the Chicago Alumni association of Illinois held at the University club in honor of Illinois college men who have returned from army service, Arthur D. Black, president of the society, was the toastmaster. Lieut. Col. Joseph A. Capps was the first speaker and presented a most interesting address based on his experience overseas. His most important work was as consulting physician for a number of hospitals in France that cared for nearly 40,000 men. Col. Capps' work was of a kind to take him through numerous sectors of the battle front and he thus came into intimate knowledge of the work which men of the medical corps were doing for the sick and wounded.

Col. Capps gave unstinted praise to the skill of American surgeons and to the success of the American medical men in dealing with contagious diseases. So far as his personal work is concerned, specific references were made by the speaker. Lieut. Col. Capps himself had a conspicuous part in the work of disease prevention.

Lieut. Rex Gary was another speaker. He has been for several months past at hospital at Ft. Sheridan taking treatment, and his experiences in going over the top with the Australians were heard with keen interest. Lieut. Reuben Cohen then gave some facts from his experiences in the quartermasters corps.

The college in the war. To President Rammelkamp was assigned the task of summing up the record of Illinois college during the war and certainly the facts prove that it is a proud record. Without counting the S. A. T. C. unit the college sent 238 men into the service. In addition there were 118 in the S. A. T. C. unit.

He next mentioned with appropriate comments, the nine Illinois boys who have made the supreme sacrifice in the war: Captain E. M. Eckart, ex '96; John W. Widenham, '13; Arthur D. Himmelfarb, ex '13; George Tull, ex '13; Joseph R. Chamberlain, ex '18; Fred W. William, ex '19; Earl Sooy, ex '19 (missing); Charles Haines, W. A., and Leonard Young, W. A.

The president spoke with special appreciation of Widenham and Sooy. He next referred to some of the boys who have seen unusually severe service, such as Lieut. Fairbank Smith, Edgar Decker, Sergt. Homer Bale, Corp. Wilson Akers, Lieut. Rex Gary, Sergt. William Kline, Frey Bray, and Chaplain Arthur Ewert. He spoke further of the wonderful development of the spirit of loyalty to the college among the men who had gone into the army.

and of the fine service which Dean Hayden had performed in keeping in touch with these boys. The president spoke in conclusion of the general effect of the war and of the reconstruction period on the college. He spoke of the necessity of at once proceeding with the interrupted campaign for \$300,000, \$75,000 of which is to be used for a new library building and the balance for endowment purposes. This suggestion was received with great enthusiasm by the members of the Society and at the conclusion of the banquet several men stepped up to the president and made substantial contributions to the fund. In the opinion of the Chicago society this campaign should immediately be pushed with great vigor.

A Cable to Greece
At the conclusion of the speeches, it was voted to send a cable of congratulations to Lieut. Col. Edward Capps, '87 and Major C. E. Black, '83, of the Red Cross mission to Greece.

At the election of officers, Henry W. Kirby, '97, was elected president for the following year, and E. D. Jackson, '05, was elected secretary. About 25 men, including a few guests, were present at the banquet. They included, among others, the following: G. E. Baxter, S. W. Baxter, of East St. Louis, Ill.; A. D. Black, W. B. Burr, R. W. Cooke, H. J. Dunbaugh, F. R. Elliott, E. R. Frost, J. Grimes, E. B. Hamilton, of Peoria, Ill.; E. D. Jackson, V. Jensen, J. A. Meek, C. S. Rannels, H. P. Scott, J. L. Tontz, Lieut. Col. J. A. Capps, J. G. Carter, Lieut. Rex Gary, E. W. Johnson, H. W. Kirby, R. E. Montgomery, V. W. Nelson, Pres. C. H. Rammelkamp, W. L. Read, W. H. Ross, J. S. Stevens, Roy Skevington, A. G. Thome, C. O. Strunk, T. C. MacMillan, S. C. Loomis, Newton Matthews, H. C. Wenclock, J. Fredick, and Lieut. R. D. Cohn.

STUDENT AVIATOR KILLED
Wantagh, N. Y., April 21.—Private Otto W. Meyer, a student aviator, whose home is in California, was killed today, and Sergeant Q. O. Burnett, a Kentuckian, was seriously injured when an airplane in which they were attempting a tail spin over Lufberry Field, fell 200 feet, burying itself in a bog.

CLAIMS QUARANTINE DECREASES REVENUE
Ottawa, Ont., April 17.—Western Canada cattle raisers have made representations to the dominion government here, claiming that the sharp quarantine restrictions in the United States have decreased their revenue. Statements prepared by the ranchers say the American quarantine has forced Canadian cattle men to dispose of most of their stock at Winnipeg where prices have averaged \$2 to \$3 a head less than in St. Paul, and that the quarantine has placed the livestock industry "in an intolerable position" in Manitoba, Saskatchewan and Alberta.

London, March 22.—A novel use has been found here for seaweed. Combined with crushed slag and other heretofore neglected waste mineral products, it is used to make a kind of concrete out of which are being fashioned building bricks and blocks. The seaweed acts as a binding and strengthening element.

Arrangements are being made to put up a large number of houses composed entirely of these blocks, and it is predicted that the material, owing to its cheapness, will aid in solving the housing problem. Not only the foundations and walls, but the doors, window frames and mantel-pieces are to be constructed of the new concrete. The houses are to be made in sections and bolted together. The window-frame is a new idea in itself. The glass, in one large pane, slips into a slot and the edges of molding are then turned over, so as to grip it. To mend a broken window will be a simple matter and will not require the services of a glazier. It is said that dwellings made of the concrete will be warm and thoroughly damp-proof.

TELEGRAPH SERVICE BAD AT WHITE HALL

Change of Hours Cripples Commercial Service—White Hall Soldiers are Returning.

White Hall, April 21.—The city has contracted for six cars of road oil, and delivery is to begin May 1st.

Union and both railroads will be for five numbers of a lecture course with the Brown Lyceum Bureau of St. Louis.

T. J. Grant was in Alton last week, figuring for a supply of brick for the new ice plant at Roodhouse.

The commercial telegraph service at White Hall is badly curtailed by a rearrangement of the hours of service of operators at the railroad offices, where the Western Union business is handled for this point, there being no exclusive Western Union office here.

After 3 p. m. the C. & A. station is closed as a telegraph office, and the Burlington will not handle Western Union business. To remedy the situation Agent Neutzman of the C. & A. is furthering a plan for installing telephones at the interlocking plant, just north of town, from where the Western Union business can be handled between 3 p. m. and 7 a. m. The junction was recently made a telegraph office, and officials of the C. & A., Burlington and the government visited it last week for the purpose of recommending improvements, which may include a new building or tower, and the installation of an electric system of handling the interlockers instead of the hand levers. The telegraph business of the Western Christian church that drew make this quite a busy office between 3 p. m. and 7 a. m. The White Hall Sewer Pipe & Stone-ware Co. had been compelled to handle telegrams over the Postal routes from Jacksonville, using the telephone to Jacksonville.

The jury on the park condemnation suit in the county court rendered a verdict Saturday, fixing \$4,500 the price of the property desired for an extension to Whiteside Park. Twenty days must elapse to give an opportunity for appeal, and then thirty days more for election to ratify or rather authorize the city council to expend this sum for the park extension. This is mere formality to make the proceedings legal. When all the legal requirements are complied with, the entire reservation of Whiteside Park will be formally accepted by the city and dedicated to the use of the public. The entire cost is borne by Mr. and Mrs. Seth M. Griswold, and there has been no opposition at any stage of the condemnation proceedings.

The leading observance of Easter was held Sunday evening in the Christian church that drew an immense audience. It was in the form of a concert by talent selected from the church membership with little exception. It was in charge of Mrs. C. C. Brown, and voice solos by Mrs. Brown, Rev. E. C. Lucas and Dr. A. C. Rich are worthy of mention. The other churches held exercises of a lesser magnitude at hours that permitted a general attendance at the Christian church.

Sunday school arrivals included Roy Norris, of the 26th Division, and Ralph P. Vermillion, of the 3rd Division, both of whom came home without injury. Norris says he went seven months at one time without pay, and took in washing to earn money for chewing tobacco. Vermillion was in eleven engagements. Relatives of Albert E. Shirley are concerned over a published report that he was seriously wounded recently and no details have been forthcoming. John North arrived in New York a month ago and reported to his parents, Mr. and Mrs. Edward North, of Houston, Texas, that he was in a strange city, among strange people, and to send funds. This was done, and nothing more has been heard from John. His relatives here are worried over the situation.

The 100th anniversary of Odd Fellowship in America will be observed by the local lodges. On Saturday evening the subordinate lodge will go to Greenfield to take part in degree work, and on Sunday evening there will be centennial services in the M. E. church by Rev. Leo Howard that will attract the entire membership.

PARIS, April 21.—(French Wireless Service.)—The Wallons of Prussia have sent a dispatch to M. Clemenceau, chairman of the peace conference requesting their annexation to Prussia be cancelled.

BUDAPEST, Sunday, April 20.—Via Copenhagen.—A war of defense on behalf of what has been acquired by the communist dictatorship here was decided at a meeting today of the Central Council of Soldiers, Workmen and Peasants. A resolution was adopted declaring that half the workmen in all the factories shall be armed to defend the authority of the proletarian government against the Rumanian and Jugoslav troops.

PARIS, April 21.—(By The Associated Press.)—The council of foreign ministers today approved the proposed provisions of the peace treaty intended to forestall any effort to reestablish a military machine by utilizing outside forces. The article prohibits the sending of German military instructors to foreign countries. It was referred to the drafting committee.

LONDON, April 21.—Via Montreal.—Telegrams from Omsk, Siberia, report that the troops of Admiral Kolchak, thirty-three miles south of Sterlit-Amak, inflicted severe losses on the enemy, capturing many prisoners, machine guns and ten heavy guns. They also captured Stara-pul with great booty and made a number of Bolshevik leaders prisoners.

VIENNA, Saturday, April 19.—(By The Associated Press.)—The communist government in Budapest, according to reports received here, is making efforts to coerce the Ukrainian government into giving free passage for Hungarian agents to and from Moscow by way of Ukraine. To this end, the Hungarian government is closing to the Ukrainians the passageway thru Northern Hungary to Vienna by way of Budapest, until the Ukrainian government yields to its demands.

WASHINGTON, April 21.—Revolt of workmen in Petrograd was reported today by the state department. The workmen's organ-

ization in that city, the advice said, adopted resolutions last Friday demanding the re-establishment of the constituent authority, the freedom of the press and the right to private ownership of property.

Perfect Health is Yours If the Blood is Kept Pure

Almost Every Human Ailment is Directly Traceable to Impurities in the Blood
You can not overestimate the importance of keeping the blood free of impurities. When you realize that the heart is constantly pumping this vital fluid to all parts of the body, you can easily see that any impurity in the blood will cause serious complications. Any slight disorder or impurity that creeps into the blood is a source of danger, for every vital organ of the body depends upon the blood supply to properly perform its functions. Many painful and dangerous diseases are the direct result of a bad condition of the blood. Among the most serious are rheumatism, with torturing pains; catarrh, often a forerunner of dread consumption; scrofula, eczema, tetter, erysipelas and other disfiguring skin diseases; malaria, which makes the strongest men helpless, and many other diseases are the direct result of impure blood. You can easily avoid all of these diseases, and rid the system of them, by the use of S. S. S., the wonderful blood remedy that has been in constant use for more than fifty years. S. S. S. cleanses the blood thoroughly, and routes every vestige of impurity. It is sold by druggists everywhere. BAYER
DON'T BUY ASPIRIN
IN A "PILL" BOX
Ask for "Bayer Tablets of Aspirin" in a Bayer package—marked with "Bayer Cross."

You must say "Bayer." Never ask for merely Aspirin tablets. The name "Bayer" means you are getting the genuine "Bayer Tablets of Aspirin," proven safe by millions of people. Don't buy Aspirin tablets in a pill box. Insist on getting the Bayer package with the safety "Bayer Cross" on both package and on tablets. No other way! Beware of counterfeits! Only recently a Brooklyn manufacturer was sent to the penitentiary for flooding the country with talcum tablets, which he claimed to be Aspirin. In the Bayer package are proper directions and the dose for headache, toothache, earache, neuralgia, rheumatism, lumbago, sciatica, colds, gripes, influenza, colds, neuritis and pain generally. "Bayer Tablets of Aspirin," American made and owned, are sold in vest pocket boxes of 12 tablets, which cost only a few cents, also in bottles of 24 and bottles of 100—also capsules. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacid-ester of Salicylicacid.

BUSINESS MEN TO UNITE FOR WORK

Chamber of Commerce Takes on New Life—Directors Elected at Meeting Monday Night.

The Chamber of Commerce was revived and reorganized at a supper given last night at Peacock Inn, attended by approximately fifty business men. A week ago John J. Reeve, M. R. Fitch, Henry Frisch and W. S. Ehnle as a committee representing the old organization decided upon the meeting for Monday night. John J. Reeve, who for a number of years served very efficiently as president of the Chamber of Commerce, presided last night and a program of a wholly informal character was carried out. No special address or speeches had been arranged for and everything said and done was of an impromptu kind. Mr. Reeve read letters of regret from Andrew Russell and E. E. Crabtree, and mentioned that Frank Byrns, Dr. J. R. Harker and T. M. Tomlinson were among those who had found it impossible to be present. Among those who spoke briefly were W. L. Fay, Henry Frisch, Bernard Gause, Mayor Rodgers, Miller Weir, Dr. Edward Bowe, Cleon Bell, C. H. Story, Dr. A. Chapin, Ollie Parker, W. D. Doying, J. W. Walton, C. N. Priest, W. J. Brady.

Everybody Optimistic. Everybody talked in an optimistic vein. Some things were said about the past but more about the possibilities of the future. It was a matter of general agreement that the Chamber of Commerce can be of great use to the community and that there is every prospect that such an organization can do an even more important work within the next few years than it has been able to do in the past.

At the close of the discussion and there had been unanimous agreement that it was the proper course to reorganize, a committee on nominations was named to select 21 directors, that number being provided for by the constitution, seven to retire each year. This committee on nominations included Bernard Gause, M. R. Fitch, Dr. Edward Bowe, Cleon Bell and Henry Frisch. This committee after some consideration made its report thru Mr. Gause suggesting the names of 21 men, the thought having been as far as possible to choose men representing different classes of business. The men nominated and elected were F. J. Waddell, J. Herman, Henry Frisch, George Lukeman, H. K. Chenoweth, C. A. Johnson, Fletcher Hopper, Jas. McCinnis, A. R. Taylor, W. E. Boston, Leroy Potter, Fletcher Blackburn, Lloyd Vasconcellos, H. L. Caldwell, Paul Samuel, Cleon Bell, H. M. Capps, T. A. Chapin, Ollie Parker, W. D. Doying, J. W. Walton.

Directors Soon to Meet. It is the understanding that the directors will meet at some comparatively early date, will choose officers and then may suggest some reorganization plans. It is quite probable that the work will not proceed just on the old lines and that organization efforts may be confined more strictly to business projects. It is a matter for the directors to decide, also, whether a secretary will be employed to devote all of his time to the work, or a secretary who will discharge the duties of the office along with other work.

Among those present last night were C. J. Buhner, T. A. Ebrey, A. L. Taylor, L. B. Turner, C. F. Doying, Vorce Bassett, Dr. A. B. Applebee, Cleon Bell, E. C. Roach, Earl Spink, L. T. Potter.

LITERARY UNION

AT LITERARY BANQUET

The members of the Literary Union, past and present, attended the annual meeting and banquet held Monday night at the Colonial Inn. The attendance was larger than usual and the program was one of special present day interest. H. A. Parrin is the retiring president and H. V. Stearns was recently elected to that office and presided last night. The address of the evening was by Dr. P. B. Snyder of the faculty of Northwestern university. Dr. Snyder took the League of Nations as his theme and in a very clear cut and concise way presented this subject of absorbing interest. Following the address came a period of questions and answers, in accordance with the Literary Union method. This general discussion served further to throw light upon the question.

The dinner which preceded the program had been provided on a generous plan and the whole occasion was one of great interest and pleasure.

LIEUT. ARTHUR MENDONSA AT HOME

Saturday morning the family of Lieut. Arthur Mendonsa were made glad by the arrival of the young gentleman honorably discharged from the service. He left Illinois College May 17th last and while his parents, Mr. and Mrs. E. L. Mendonsa, 512 North Diamond street, disliked to give him up they were glad to have him do his part. After his enlistment he went to Fort Bliss, near El Paso, Texas, and was assigned to the engineers' branch of the service. Afterward he went to the officers' training camp at Joseph E. Johnston, where he received his commission August 15, a fine compliment to the ability of the young man.

For three months he was quartermaster of the Students' Army Training Camp at Columbia University and served later in the supply zone of New York City.

The young gentleman was stationed for short periods at various places and saw quite a bit of army life and many phases of civil affairs also in different parts of the country. He is looking quite well and shows that army life agreed with him. He will visit a time with his parents and friends and may undertake a university course at a time in the future.

The opening sermon was delivered Monday evening by the moderator, Dr. J. P. Rugh. The sessions will continue thruout today and tomorrow and several matters of importance will be given attention. Reports will be given for each of the eight counties included in the Presbytery. Commissioners to the general assembly which will open in St. Louis on May 15, will be chosen and will include three ministers and three laymen.

The representatives of the three Presbyterian churches in Jacksonville attending the Presbytery meeting are: Westminster: Rev. E. B. Landis, Mr. Ensley Moore; State Street church: Rev. W. M. Marbach, T. M. Tomlinson, Dr. C. C. Cochran; Northminster church: Rev. J. H. Morphis, George Day.

CHARLES RAY IS FAMOUS STAR.

Chicago Tribune yesterday in the art section had a picture of Charles Ray, famous as a movie star. Mr. Ray is a relative of Mrs. T. A. Ray and her daughter, Mrs. J. W. Litter of 1326 West State street, and has a number of other relatives in Morgan and Cass counties. He has been very successful in flimdom in recent years and it is said that his earnings now average \$5,000 a week. The Tribune picture had with it the following by May Time, one of the dramatic critics of the Chicago Tribune:

"Charles Ray doesn't look so wistful in this picture as his wont—which is rather a pity, for it is that same wistfulness that has made him what he is today. You will be interested to know that he was born in Jacksonville, Ill., in the year 1891. His father is Scotch-Irish and his mother French. His first theatrical experience was passing water and programs. Later he pleaded for something to do behind the footlights and made his stage debut in a theater of his own home town. After that he played in stock and traveled with a road company. Then he went to the New York Motion Picture company, where Mr. Ince said he would 'try him out.' Must have been some tryout. Since that time the sad-eyed Chas. has been appearing steadily in pictures, the last of which was 'The Sheriff's Son.' He's about 5 feet 11, has brown eyes and brown hair, is married to a nonprofessional, and lives at Beverly Hills, Cal. Is that enough to be told about him, girsuls?"

MISS SWEENEY SAILS FOR FRANCE

Miss Elizabeth D. Sweeney, daughter of Mr. and Mrs. D. E. Sweeney of this city, sailed Friday for Paris. Several previous dates have been fixed but the party of which Miss Sweeney is a member did not leave until last Friday. The members of the party sailed on the S. S. Megantic with the reconstruction unit of the National Catholic war council, now doing splendid work among the soldiers and war workers in Paris, Rome, Brest and St. Nazaire.

Miss Sweeney is a graduate of Roult college and is one of four women from Jacksonville who have gone abroad in war work. She was the first woman of Illinois chosen by the national Catholic war council for this work.

ENDOWMENT PLANNED.

The trustees of Ebenezer cemetery will present the question of raising an endowment fund for cemetery maintenance after the regular church services next Sunday morning. This is a matter in which every member of Ebenezer church is interested.

For the Trustees,
Logan Black.

CONCORD MAKES FINE SHOWING

Concord precinct certainly made a wonderful showing on the first day of the Victory loan drive. B. A. Kratz, chairman of the committee, was able to report last night for these salesmen \$52,380 worth of bonds sold. It was certainly a great day's work and shows both the activity of the salesmen and the fact that the people of Concord are ready and willing to do their full share in paying the nation's war debt.

Social Events

College Hill Club Met With Mrs. Putnam.

The College Hill Club met with Mrs. Putnam of Sandusky street Monday afternoon. Miss McLaughlin presented a paper, her subject being, "United Italy." It was the meeting for the election of officers and the following were chosen:

President—Mrs. H. M. Havenhill.
Secretary—Mrs. H. M. Havenhill.
Treasurer—Mrs. H. M. Havenhill.

Following the business session a social hour was enjoyed and the hostess served refreshments. The next meeting will be held with Mrs. DeMotte of Prospect street.

Gave Dinner in Honor of Wedding Anniversary.

Sunday was the eighteenth wedding anniversary of Mr. and Mrs. Thomas Armstrong of 735 South West Street. In honor of the event they were invited to the home of Mr. and Mrs. Henry Morthole, where a fine dinner was served. It is needless to say that the day was one thoroughly enjoyed by all.

Monday Conversation Club Met.

Monday and present members of the Monday Conversation club were entertained by Misses Mary Anderson and Mary Johnston at the Illinois Woman's College Monday afternoon from 2:30 until 5 o'clock. The guest of honor was Mrs. W. H. Hinrichsen, formerly an active member of the club, and who has but recently returned to her home in Jacksonville after an extended stay in New York City. Mrs. Hinrichsen drove to the city from Alexander, accompanied by Mrs. J. W. Reif and Mrs. E. J. Kunkle, who were guests of the club Monday afternoon. Mrs. H. V. Stearns was in charge of the afternoon's program and presented an excellent paper on "The Year of the Child."

A social hour followed the program, during which the hostesses served refreshments.

Entertained for Mrs. Quisenberry.

Mrs. W. H. Self of Pine street entertained the Monday Bridge club at her home Monday afternoon in honor of Mrs. Quisenberry of St. Louis who is visiting friends in the city. The afternoon proved one of much pleasure. The hostess served dainty refreshments.

YOUNG MEN GAVE DANCE.
Louis Weber and Leonard Potter were hosts at a dance at Peacock Inn last evening. Rondall's orchestra supplied the music and during the evening delicious refreshments were served. A highly enjoyable time was had by all.

Gave Party For Bride To Be

Misses Nellie Kenny and Marie McCarthy gave a miscellaneous rush Monday night at the McCarthy home, 652 Hardin avenue, in honor of Miss Nellie McCarthy, whose marriage to Mr. George Flynn, will be solemnized Wednesday morning. There were fifty young people present and the gifts, which will be found useful in the home soon to be established, were numerous. In the series of contests honors were won by Misses Edith Kinison, Mary Clancy and Ethel Anderson and the consolation prizes went to Misses Elsie, Baptist, Genevieve Herbster and Theresa Keating. A bride's cake was a part of the refreshments and when it was cut Mrs. Daisy Walker drew the dime, Miss Louise Trahey and needle and Miss Marie McCarthy the ring. It was a very pleasant social occasion.

Matrimonial

Johnson-Ridder.

The marriage of Miss Gertrude Ridder and Mr. William Johnson, both of Alexander, will occur at 9 o'clock this morning at the Church of the Visitation in Alexander. Rev. Father Luvius performing the ceremony. They will be attended by Miss Agnes Freitag and Mr. Mike Weigand of Alexander. The bride will wear a gown of white georgette crepe and will carry a bouquet of white roses. The bridesmaid will be gowned in white crepe de chine and will carry pink roses.

At 12 o'clock noon a dinner will be served at the home of the bride's parents, Mr. and Mrs. Joseph Ridder, three miles southeast of Alexander. The day will also mark the thirty-fifth wedding anniversary of Mr. and Mrs. Ridder, who have spent their entire wedded life in the Alexander neighborhood. The Ridder home will be handsomely decorated with spring flowers pink and white being the predominating tones in the color scheme.

The bride is the daughter of Mr. and Mrs. Joseph Ridder and is a young woman of much charm and worth. She was educated in the public schools of the county and has a wide circle of friends who will unite in extending best wishes. The groom is the son of Mr. and Mrs. Andy Johnson. He was for the past several years engaged in farming and he and his bride will reside on the Doolin farm northeast of Alexander, following a brief wedding journey.

TANK WILL GO TO FRANKLIN

W. N. Luttrell of Franklin received a telegram from the war loan organization yesterday stating that the battle tank will certainly reach Franklin Wednesday morning at 6:30 o'clock and remain until 9 o'clock. An exhibition will be given in the Franklin business district. This attraction was made possible for Franklin after E. E. Crabtree had taken the matter up in a very active way with the publicity department of the loan organization in St. Louis Monday. For several days it had been feared by the Franklin people that they would not be able to see the tank in their own town.

MRS. SARAH A. HILL CELEBRATES 88th BIRTHDAY

One of the aged and highly honored residents of Franklin is Mrs. Sarah A. Hill, widow of the late Squire Isaac Hill of Nortonville. The dear old lady enjoys comparatively good health and takes keen delight in daily events. She is kindly cared for by a dutiful daughter, Miss Grace, and so gets along very well. Children, grandchildren and great grandchildren gathered to help her celebrate her 88th birthday at her home in Franklin Sunday. The day was very pleasantly spent and a sumptuous dinner added much to the happiness of the occasion. Those present were, from Jacksonville, Mr. and Mrs. John R. Hill, Mr. and Mrs. E. L. Whitlock and daughters Myra and Elberta; from South Jacksonville, Mr. and Mrs. L. O. Berryman and daughter, Ima; Greenfield, George M. Hill and wife and daughter Helen; Decatur, Mrs. T. C. Hill; Palmyra, Mr. and Mrs. Charles Mahon and daughter Marjorie.

Congratulations were sent by Charles H. Hill of Colfax, Wash.; Mrs. Emma Staples, Clinton, Mo.; and Mrs. Edgar L. Whitlock, Decatur. During the day a picture of five generations was taken. Mrs. Hill, John, Mrs. E. L. Whitlock, Mrs. Mahon and daughter, Marjorie, two years old.

KNIGHTS TEMPLAR IN ANNUAL SERVICES

Attended Services at Congregational Church—Strong Sermon by Rev. W. E. Collins.

Easter day was most appropriately observed by Hospital Commandery, Knights Templar No. 31 of this city. Assembling at the asylum on West State street the Sir Knights, nearly a hundred strong, headed by the A. F. of M. band of twenty pieces under the leadership of J. Bart Johnson, they marched to the Congregational church where the services were to be conducted. All courtesy was shown them there, the body of the church was reserved for them and the side seats were well filled with a devout congregation. Added to the floral and other beautiful decorations of the church was the electrically lighted cross and crown emblem of the order.

Service By Knights.

The services were conducted on the part of the Sir Knights by Emment Sir Knight Julius G. Strawn, commander, Sir Knight Percival C. Coover, prelate.

That martial hymn, "Onward, Christian Soldiers," was sung and the ritual of the order carried out. The music by the chorus choir was fine. The sermon by Rev. W. E. Collins was one of the best ever heard by the knights and elicited many compliments. He took for his text the parable of the Good Samaritan and his theme was the Knighthood of Jesus. He said in brief:

In the parable of the Good Samaritan the knighthood of Jesus is well illustrated. Knighthood means more than mere courage. A buldog has courage and tenacity but it is not noble. We rightly honor the man who fearlessly faces danger in a righteous cause and glorify the soldier who gives his life for his country and we should do so. But Jesus was even more than that. His knighthood went out to the weak, the erring the lowly and the poor. He sought the outcast and wept with the afflicted. The knighthood of Jesus stands out in three especial ways:

A protector of the weak. Loyal to the country. A perfect life.

Today we are gathered to pay homage to the Knight of Galilee. He was ever ready to help the poor and suffering; the lowly ones felt His blessings and there was healing in the touch of his garments. He healed the leper, so despised and shunned; the Samaritan so detested by the Jews received that wonderful message that God is a spirit. The public hated tax gatherers. He visited and made one his disciple.

Yet with it all His greatest seal of knighthood was his treatment of women. Woman was degraded in those days. A man could divorce his wife at will and have as many as he chose but Jesus placed woman on a new pedestal and gave to marriage a new and holy sanctity. When one was brought to him in a sin and the one without sin to cast the first stone and they all disappeared and he bade the culprit go and sin no more.

He fearlessly denounced the hypocritical Scribes and Pharisees who distorted his miracles and ascribed them to Satan. The ones who cried "hoshanahs, five days" later shouted "Crucify Him." He stood stainless before the weak and selfish Pilate and bravely went to the cross and suffered for the redemption of mankind.

Sir Knights: This is the Knight of alliee I present to you today. The challenge of the cross is a pure and stainless life. Make it your duty to be true to the right; preserve stainless characters; be true to the symbols before you. Give to this community examples of pure and upright lives and bear aloft the banner of King Emmanuel.

Following the service the knights marched to the public square where a photograph was taken by Speith.

FUNERAL SERVICES FOR CARY F. STRANG

Were Conducted in Murrayville Sunday—Large Number in Attendance—Sketch of Mr. Strang's Life Work.

The funeral of the late Cary F. Strang was conducted Sunday afternoon at 3 o'clock at the Methodist church in Murrayville in the presence of a vast audience gathered not only from the immediate surroundings, but from Manchester, Roodhouse, White Hall and other places.

The services were in charge of Rev. W. H. McGhee, pastor of the church. Mrs. Iva Short, her daughters Florecca and Lucille and Miss Stella Cunningham had charge of the singing with Mrs. H. E. Hill accompanist. Mrs. Short sang a solo, "Face to Face" and the quartet sang, "Does Jesus Care?" and "Sometime We'll Understand."

Mr. McGhee spoke of life with its trials and duties, its cares and vicissitudes; together with the hope of the Christian beyond the grave.

Almost 90 years ago Benjamin and Martha Andrus Strang, the former of English origin and the latter a native of Kentucky, came to Illinois settling in Greene county when the country was new and settlers scarce. They worked bravely for years and acquired a handsome property but the dearest possessions were their children of whom, Carey Francis, was one arriving on the scene June 19, 1838.

When the boy was seven years old his father died and his mother later married Samuel Murray and when the boy was nine years old the family came to this county and the father laid out the town of Murrayville which was named after him.

Mr. Strang had the advantage of public schools which he used to the utmost, and being a person of good mind and quick perception he soon acquired a good degree of knowledge which lasted him thru life. He was also a great reader and well remembered what he read and was a man of such intelligence and was able to converse on many subjects. He was industrious and wise in his business, a good judge of both real estate and live stock and acquired almost a thousand acres of fine land in addition to other property.

His first wife was Miss Ellen M. Grimes, who died Nov. 21, 1871. She was the mother of five children: Mrs. W. B. Wright and Clara Strang Crouse of Murrayville; Mrs. J. E. Wyatt, White Hall; Edward, who died May 1, 1917, and another child who died in infancy.

He was married again to Miss Margaret Grimes, sister of his first wife and she survives him with four children, Mrs. J. H. Spencer and Harry G. Strang of Murrayville; Mrs. A. M. Masters of this city and Mrs. J. C. Andrus, Jr., of Manchester.

There also survive him 25 grandchildren and 24 great grandchildren. Mr. Strang was ever an upright man in daily affairs and had the respect of all who knew him. He was kind and indulgent in his family and a good neighbor. All who knew him honored and respected him. For a good many years he was a member of the Murrayville M. E. church and was years a member of the official board and was an efficient factor in the erection of the new building. Two years ago he suffered a stroke of paralysis from which he failed to recover and so passed peacefully away.

Father E. V. Flynn, pastor of St. Bartholomew's Roman Catholic church was also present and spoke at some length on the life and character of Mr. Strang and paid an eloquent tribute to the memory of the one who has gone.

At the close Rev. Alex M. Cunningham, a citizen of Murrayville and for many years a missionary in Pekin and later Paoing Fu, China, offered prayer and then the remains were borne to the Murrayville cemetery by Messrs. C. T. Daniel, J. L. Wyatt, J. E. Osborne, J. K. Cunningham, J. H. Dial and A. K. Kennedy.

The many beautiful flowers were in charge of granddaughters, Misses Florence L. Spencer, Mildred Wright, Margaret Spencer, Helen Strang, Eloise Strang and Mrs. Maude Spainhower.

COUNCIL CANVASSED RETURNS OF ELECTION

But Little Change in Figures First Given Out—Passed Resolution Declaring Candidates Elected—Several Ordinances Read.

At the city council meeting Monday the vote of the recent city election was canvassed and but little change was made in the returns. The only ones made being of a minor nature and had no bearing on the final result.

The council after making the canvass passed a resolution declaring Edgar E. Crabtree, elected Mayor, R. L. Pyatt, city clerk, J. A. Bellatti, city attorney, H. C. Clement, city treasurer, Michael McGinnis and Thomas Flynn, aldermen in the First Ward, Charles B. Graft and A. E. Williamson, aldermen in the Second Ward, John D. Cain and George A. Moore, aldermen in the Third Ward, and Troy A. Chapin and Charles F. Ehrie, aldermen in the Fourth Ward.

Aside from this business the ordinance for the paving of West State street from Webster avenue to Finley street was given a second reading and adopted.

Other matters of minor importance were transacted the regular meeting being adjourned until 2 o'clock Monday afternoon.

The Proceedings.

The city council met in regular session in the council chamber Monday morning at 10 o'clock all members being present Mayor Rodgers presiding.

The minutes of the regular, special and adjourned meetings of March 31, April 7, April 11, April 14, April 18 and April 19 were read and approved as read.

Basil Sorrells of the Wheeler and Sorrells garage, presented a petition for permission to build a gasoline tank and filling station in Broadway Alley just off of West Court street. On motion of Commissioner White seconded by Commissioner Widmayer, the petition was granted.

Mr. Sorrells also asked about the payment of bills of the firm against the city which had been standing for a long period. He was told to file the bills and they would be taken care of.

Under the head of departments Commissioner White reported that he had examined the walks on the north side of West State Street from the west line of the building occupied by Harry Dornwart to the west line of the Batz building in company with Engineer Henderson and found the same in bad condition.

He made a motion that the walk within the lines designated and two flag stones in front of the building occupied by the Vaguer China and Coffee house and two slabs in front of the Batz building be condemned. The motion carried by a unanimous vote. Commissioner White also made a motion that the sidewalk on the north side of the Anheuser-Busch building on West Court street from the public square to Broadway Alley be condemned. On roll call the motion carried by a unanimous vote.

Commissioner White also called attention to the crossing of the Burlington and C. P. and St. L. railroads on the north side of East State street. He said that it was dangerous for the pupils from the school for the Blind. A motion was made by Commissioner White seconded by Commissioner Vasconcellos that the railroad companies be given notice to rapar the same. The motion carried by a unanimous vote.

The ordinance for the paving of West State street from Webster avenue to Finley street was given a second reading and Commissioner White seconded by Commissioner Martin moved the same be adopted. On roll call the motion carried by a unanimous vote.

Commissioner Martin seconded by Commissioner White moved the council adjourn until 2 o'clock Monday afternoon. On roll call the motion carried and the council stood adjourned.

Adjourned Session. The council met in adjourned session at the council chamber at 2 o'clock Monday afternoon, all members being present, Mayor Rodgers presiding.

Commissioner White, seconded by Commissioner Widmayer moved the council proceed to canvass the vote of the recent city election. On roll call the motion carried by a unanimous vote.

The vote was canvassed and a few minor changes were made. A resolution was read declaring the several candidates elected and was adopted by a unanimous vote. An ordinance providing for a sidewalk on Sandusky street from West Lafayette avenue north on both sides of the street was given a first reading and laid over under the rules.

An ordinance for a local improvement, by paving on East Morton avenue, east from Hardin avenue 1,000 feet was read and laid over under the rules.

There being no further business a motion was made by Commissioner Vasconcellos, seconded by Commissioner Martin, that the council adjourn until 4 o'clock Tuesday afternoon April 22.

Vigor

SUCCESS IS ACHIEVED
by vigorous men and women.
When one is lacking in strength and endurance,
when good health is wanting, when physical
power is at low ebb, it is impossible to accom-
plish one's work.

One of the causes of ill health and low vitality
is the improper functioning of the kidneys.
Trouble results when they fail to eliminate
waste and poisonous matter from the system
and rheumatic pains, lumbago, stiff joints, sore
muscles, and other symptoms quickly follow.

Foley Kidney Pills

banish effects of kidney and bladder trouble by
removing the cause. They are healing and
cure. They tone up and strengthen the
weakened or diseased organs.
H. D. Castleberry, Marine Engineer, Port
Vincent, La., writes: "I consider Foley Kidney
Pills the greatest medicine for kidney and bladder
trouble I ever used. I recommended them to all
who suffer with kidney and bladder trouble."

"Out of curiosity I tried a pair of
Neolin Soles," writes W. P. Macartney
of St. Louis, "and today, after five
months of hard service I fail to notice
any real signs of wear on them."
This statement points the way to
real economy in shoes. What your
shoes cost, by the year, depends largely
on how the soles wear and Neolin Soles
do wear a very long time. Moreover,
they are exceedingly comfortable and
waterproof—scientifically made to be
exactly what soles should be and so
worn now by millions.

They are available everywhere on
new shoes and for re-soles. They are
made by The Goodyear Tire & Rub-

FINE FOR RHEUMATISM

Musterole Loosens Up Those
Stiff Joints—Drives Out Pain

You'll know why thousands use
Musterole once you experience the
glad relief it gives.

Get jar at once from the nearest
drug store. It is a clean, white emul-
sion, made with the oil of mustard
better than a mustard plaster and does
not blister. Brings ease and comfort
while it is being rubbed on!

Musterole is recommended by many
doctors and nurses. Millions of jars are
used annually for bronchitis, croup, stiff
neck, asthma, neuralgia, pleurisy, rheu-
matism, lumbago, pains and aches of the
back or joints, sprains, sore muscles,
bruises, chilblains, frost-bite, colds
the chest (it often prevents pneumonia)
30c and 60c jars; hospital size \$2.50

MUSTEROLE**LEMON JUICE
FOR FRECKLES**

Girls! Make beauty lotion
for a few cents—Try it!

Squeeze the juice of two
lemons into a bottle containing
three ounces of orchard white,
shake well, and you have a quar-
ter pint of the best freckle and
tan lotion, and complexion beau-
tiful, at very, very small cost.

Your grocer has the lemons
and any drug store or toilet coun-
ter will supply the three ounces of
orchard white for a few cents.
Massage this sweetly fragrant lot-
ion into the face, neck, arms and
hands each day and see how
freckles and blemishes disappear
and how clear, soft and rosy-
white the skin becomes. Yes!
It is harmless and never irritates.

Ilderim Temple No. 62, D. O. K. K. To Hold Big Ceremonial Tomorrow Night

Excerpts from "The Tiger" the
Temple's Official Dope Sheet

**Tyros Warned**

"It is an old Arabian adage that
the hot sands of the desert purify
and stimulate the lubricant of the
human transmission gears and
make the cylinders shoot," says
the grand keeper of camels, Hon.
Carl E. Robinson. "Tyros should
remember that saying and keep a
handful of sand ready to throw
into the works when the delicately
adjusted and soothing motion of
the grand ceremonial machinery
becomes a little too speedy to suit
his previously expressed desire to
linger for a brief space among us
mortals, and incidentally as a sou-
venir."

The animals are ready and hun-
gry. Some extra savage nomad
Arabic tribes are visiting with us
and have been granted the liberty
and license of our oasis for the
night, to work their wild and ter-
rifying will upon the timid tyro,
and accordingly new and startling
developments may be looked for.

The route and grounds of the
ceremonial caravan have been
cleared, rolled and well packed.
The blood-curdling and heart-
breaking apparatus of the tyro-
testing field has been set up and
proven worthy. A liberal dosage
of Desert-pep has been hypoderm-
mally handed to each of the ani-
mals, and their claws and nails
delicately and suggestively man-
icured.

We almost forgot to say that on
the route over which each eager
and earnest tyro must travel if he
would gain the delectable heaven
of Khorassan, every level spot has
been duly humped so that wheth-
er the trembling tyro ride in a
Senseless Oaklandabus or Buick-
alet or a Flivvering Fordaback, he
may know there is no anodyne
that will soon restore him to his
usual normalcy.

Every little thing is ready. No
point has been overlooked. No
projection has been neglected. Ty-
ros! Your future is in your own
hands, to make or to mar. Be of
good heart and it is within the
realm of things possible that you
may hold out to win the coveted
badge of membership in Khoras-
san's Eden.

Pythianism

A few words with regard to
Pythianism in Jacksonville, for
the benefit of the newcomer in our
ranks, may not be amiss at this
time.

Jacksonville Lodge No. 152 was
organized July 1, 1886, with 53
charter members. Membership on
Jan. 1, 1919, was 216, with 10
initiated since that date.

Favorite Lodge No. 376, was
instituted Sept. 7, 1892 with 49
charter members. Membership
Jan. 1, 1919, was 309, with 21
initiated since that date.

Special Honors

Jacksonville Pythians have been
especially honored in that one
Supreme Officer and four Grand
Officers have been chosen from
her membership, viz:

Supreme Chancellor,
Hon. C. A. Barnes.
Grand Chancellors,
Hon. C. A. Barnes,
Hon. M. F. Dunlap,
Hon. J. F. Reeve,
Grand Master of Exchequer,
Hon. M. F. Dunlap.

**RETURNED FROM
HOT SPRINGS.**

Mr. and Mrs. J. D. Hemmrough
have returned from Hot Springs
where they have been for a num-
ber of weeks in search of health
and recreation and where they
found both. At the springs they
met Jacob Cohen, Spencer Self,
Charles Cully, Dan McGinnis,
John Gaucherty, Richard Self and
wife, John Brown and others
from this city and vicinity.

While he was there the races
were in progress lasting thirty
days and were an event of great-
est importance. There were more
than 300 horses on the ground
and six races a day, all horseback
running contests on a mile track.

McCarty's Arabs

The Arab Patrol was formed in
Feb., 1911, A. J. McCarty, captain,
under whose efficient direction it
has become one of the foremost
drill teams of this country.
The Patrol attended the Minne-
apolis National Convention in
1913, Asbury Park, N. J., 1915,
and would have been sent to
Chattanooga in 1917, but for the
war.

Tigertorial

The animals are hungry up
at Tempie Ilderim! The
brutes haven't been fed but
once since America entered
the war, for but one cere-
monial has been held in that
period. It's going to take a
big bunch of fresh meat to
satisfy the appetites of those
fierce man-eating critters.

Therefore—
Be it known that:

This will be Ilderim's Vic-
tory Celebration, marking
the end of the war-time's
truce with the unregenerate
sons of the desert.

Ilderim Temple No. 62, Dra-
matic Order Knights of Khoras-
san, will shoot 30—count 'em—
tyros over the hot sands of the
desert at a triumphal ceremonial
calendared for the evening of
Wednesday, April 23, 1919.

Ilderim

Ilderim Temple No. 62, Dra-
matic Order Knights of Khoras-
san, was organized on Feb. 14, 1893.
On Jan. 1, 1919, the membership
was 275. The Temple's Roster
now shows 315 members in good
standing.

L. B. Turner,
Sec'y "Ilderim 62"

Admission was \$2.50 for men and
\$1.50 for women and plenty went.
Betting was very common and
large sums changed hands. Thou-
sand dollar bills were common;
hotels were crowded and all was
gaity. Hotels reaped a harvest,
charging eight dollars a day, tho
Mr. Hemmrough said rooms could
be rented reasonably and meals
were not unreasonable in price at
restaurants.

One woman lost \$2,500 on the
races and wired home for more
money which her husband refus-
ed to send. A man lost \$3,700
and had to pawn his diamond pin
to get home.
There were fake merchants who
sell what they pretend to claim
are rare goods such as "rental"
rugs made in New York; rare
"Brussels" lace made in Chicago
and so on. They sell often at
auction and stool pigeons run up
the prices on the tender-foot who
leave wads of money when too
ignorant to know what they are
buying.

IS AT HOME AGAIN.

John Shields Jr., who has been
in army service stationed at
Aberdeen, Md., has received his
honorable discharge and is at the
home of his parents in this city.
He was at Aberdeen when the ex-
plosion occurred there some time
since but luckily escaped injury.

A PECULIAR TROUBLE.

George B. Ford of Waverly was
a caller in the city yesterday. The
gentleman suffered from a pecu-
liar malady some years ago. For
five years his fingers and toes
shrank, became crooked and well
nigh useless. They are now
much shorter than normal, small-
er in size and crooked in shape.
He says that during the five years
he had no pain at all. Some doc-
tors called it rheumatism but the
lack of pain in that case seems
strange. He spent five months at
Eureka Springs and a term at
Mudavia Springs in Indiana but
to no purpose. The trouble had
its own way and stopped when
ready. He manages a 240 acre
farm, can ride a horse by wrap-
ping the reins about his
wrist and can do a great many
things. From the base of his
fingers on his arms are normal
and he enjoys good health.

Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning itching eczema quickly by applying a little zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed. By clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds. The E. W. Rose Co., Cleveland, O.

FLAXOLYN

THE AMAZING POWDER TONIC

Doctor H. H. Luntz, the well-known Alsatian physician, spent 20 years developing the Flaxolyn formula. He broke his health down. Was stricken with nervous collapse. His own remedy, Flaxolyn, relieved him. This is one of the rare cases where a doctor took his own medicine.

There are 30 Flaxolyn powders in a package. Take one powder in a wine glass of water 30 minutes before each meal. Stir slightly until dissolved. You will feel like a new person in a few days.

Flaxolyn is wonderful

- for nervousness
- for indigestion
- for stomach trouble
- for constipation
- for kidney complaints
- for torpid liver
- for backache
- for nervous headache
- for gall stones
- for diarrhoea
- for painter's colic
- for tired feeling
- for a general run-down condition

Flaxolyn 12 wonderful ingredients

- 1—Baked Flaxseed meal—Relaxes congestion and acts as an astringent.
- 2—Vegetable Charcoal—Sweetens the stomach and aids digestion.
- 3—Juniper Berries—Clean and stimulate kidneys and bladder.
- 4—African Ginger Roots—Quicken the flow of digestive juices.
- 5—Dandelion Roots—Purify liver and blood.
- 6—Cardamom Seeds—Cleansing tonic for stomach.
- 7—Chinese Rhubarb—Invigorates stomach and liver.
- 8—Spanish Licorice Roots—Help remove poisonous mucus from digestive organs.
- 9—Culver's Roots—Stimulate flow of bile.
- 10—Gentian Roots—Create appetite.
- 11—Greek Valerian Roots—Tone up nerves.
- 12—California Bark—Laxative.

FLAXOLYN

- sweetens the stomach
- aids digestion
- creates appetite
- cleanses the kidneys
- tones the nerves
- helps remove poisons from the digestive organs
- regulates the bowels
- simply makes over a tired, worried, over-worked, run-down man or woman
- assists nature in building you up and keeping you well

Sold for the past five years almost entirely through physicians. 20 years were spent developing the formula

PLACE a little bit of Flaxolyn in your hand. Touch your tongue to it.

You will taste several familiar ingredients. There is the old accustomed taste of flaxseed. You probably can distinguish licorice roots and juniper berries.

But there is no taste finely enough trained to discover all the ingredients of Flaxolyn. For there are twelve of them—some imported and rare.

The Flaxolyn formula is not a secret formula. We put it here so that you may know how won-

derful the preparation is and why it helps bring you back so quickly from the weak and run-down condition so prevalent at this time of the year.

Physicians buy, sell and praise Flaxolyn. Every day, in the Flaxolyn offices, many orders from physicians are received. They come from Seattle, San Diego, Sioux City, Syracuse—from every state in the union and almost from every town on the map. And, in a great many of the envelopes, tucked in with the physician's order, is an unsolicited letter, telling of the wonders of Flaxolyn.

Read What Physicians Say

(These letters were all unsolicited)

Kindly find inclosed indorsement of the merits of your Flaxolyn. It has been clinically and therapeutically tested and we find it corresponding to your claim.

I have taken two ounces of it myself and some of our students of the College of Medicine and Surgery have also taken it and they say it is the most normal laxative that medical science can compound.

W. M. F. SCHAARE, M.D.,

Professor of Surgery in the Chicago College of Medicine and Surgery.

I am glad to inform you that your Flaxolyn is doing wonders. We have given it a fair trial and find it a positive remedy for such ailments as betel, the stomach, liver and kidneys, and for many other diseases.

I use it in cases of dropsy also. It regulates the bowels and purifies the blood. It brings the blood into perfect circulation, and nourishes the whole system.

Yours very truly, J. S. RIESE, M. D.
La Crosse, Wis.

A great herbal preparation in convenient powder form. Contains not an iota of anything injurious—no alcohol, no narcotic, no iron

TAKE Flaxolyn to your family doctor. Show him the guaranteed ingredients. Ask his opinion. Flaxolyn rests its case in his hands.

Then, if you care to, take it to a chemist and have it analyzed. He will tell you that Flaxolyn is pure and will verify the formula. He will tell you, too, that it is free from anything injurious. It contains absolutely no alcohol, no iron, no narcotic.

Alcohol and narcotics stimulate. You may feel better temporarily. But there is a "let-

down." The after-effects are to be feared.

Flaxolyn is a real vegetable preparation. It helps. It brings relief. Its effect is amazing. The first dose brings improvement. A box is usually sufficient for complete recovery, unless your case is an obstinate one.

As a tonic, Flaxolyn is incomparable. It relieves all disorders of the nervous system. Is splendid for constipation, indigestion, stomach trouble, liver and kidney complaints, backache and a general run-down condition.

Now Read What Those Who Have Taken Flaxolyn Say

The third or fourth day after I began Flaxolyn, my cousin from Dixon, Illinois, who is visiting me, remarked how my skin was clearing and my color coming back.

I am on my second box of Flaxolyn and my nerves are improving steadily. I sleep so much better and when I wake up through the night I don't lie awake and fret like I used to, but go right back to sleep again.

MRS. CHARLES BURRILL, Brewer, Me.

I used one box and found it highly beneficial and unlike ordinary constipation remedies—far better.

JOSEPH W. MILLER, El Centro, Cal.

Your medicine has helped me. Have handed some to a friend. Only wish that all here knew of it and how much good it does.

I wish you and yours heaven after death. What could I wish you more?

And you never stop to think of the real fragility of an Air-Filled tire.
You are putting something close to Three Thousand pounds of dead weight on a fabric less than a quarter of an inch thick. Just let that fabric give way—a tack, a piece of glass or some hidden flaw—and your life and that of your friends depends on luck.
So don't trust to luck when you can trust to National Rubber Tire Filler the perfect substitute for air that ends all tire trouble.

THE LAW AS A PROFESSION

You are, doubtless, most interested in this subject as it relates to business as a means of earning a livelihood; but I will first say a few words as to its broader aspects.

No other profession offers such opportunities for usefulness, for it deals with the fundamentals of civilized society.

The people of every Nation are more interested in the laws under which they live, and the administration of those laws, than in any other subject—I might say than in all other subjects.

Upon these the life, liberty, property and domestic and social relations of every human being depend. As an illustration of the importance of a wise system of laws, honestly administered, compare the situation in Morgan County as you all know it, or that of the community in which you live, with that of the sections of Russia controlled by the Bolsheviks, where human beings have been slaughtered by thousands without trial because they were not in sympathy with the governing authorities, where the rights of private property are not regarded, and where even the most sacred of the domestic relations, that of marriage, is not respected.

We have been so long accustomed to conditions of living where law and order prevail, that we can scarcely conceive of such situations as now exist in many parts of the world; but I have no time to dwell further upon this branch of the subject.

Lawyers are the most numerous and influential class in conventions which frame constitutions, and as members of the legislatures of States and of the Congress of the United States

which enact laws. It is by them that all laws are administered, whether they preside as judges of the courts or act as attorneys to represent the litigants.

Most statesmen of the highest rank have been lawyers, or at least students of law, and a large proportion of the presidents of our country have been lawyers. I believe more than a majority.

I will now refer to some of the most practical aspects of the subject.

The requirements for admission to the bar in this state are: The completion of a four-year course in a High School or studies equivalent thereto.

A certificate of good moral character from a court or record of the county in which the applicant resides.

A certificate from the Committee on Character and Fitness of the Appellate Court district in which he resides, "that the applicant has such qualifications as to character and general fitness as in the opinion of the Committee justify his admission to practice."

A course of study for three years, of 36 weeks each, in a law school of good standing; or, a course of study for the same period under a licensed attorney, or, the two methods of study may be combined, as, for instance, two years in a law school and one year in a law office. All this must occur before the applicant can be examined by the Bar Examiners appointed by the Supreme Court.

When a young man or woman, (for there are a number of women now in the profession) has been admitted to the bar the question of earning a living is often an urgent one.

If a lawyer has an income aside from his profession, he may contemplate matrimony; but otherwise it would be best to postpone such an event. The returns from the first year or two of a law practice are meager, if a young man starts without aid of any kind—usually not more than enough for a bare livelihood.

Then there is the question of a law library. Every young lawyer should have access to a set of the reports of the Supreme Court of his State, the Annotated Statutes, digests and a few of the leading text books. These will cost from \$800 to \$1,000. A fair working library will cost from \$2,000 to \$3,000, and it would be a very simple matter to spend \$8,000 or \$10,000 on a law library. (However, most law books, like furniture, can be bought on the installment plan.) Hence, it is of great aid to a young lawyer if he has a relative or friend established in the profession whose library he may use and who will give him business to transact.

Any young man who is willing to work can make himself useful in a law office, and the older members of the profession are almost invariably willing to extend a helping hand to their juniors. They are also quite willing that young men should use their books provided they take care of them and return them.

If a young man understands stenography, he may find it not only convenient, but a matter of considerable aid to a livelihood while he is studying law.

There are numerous opportunities for advancement to young lawyers who are industrious, who have a good preparation and, at least fair qualifications for their profession. To those of exceptional ability, or to those who enjoy unusual opportunities, advancement often comes rapidly.

Lawyers usually attain financial independence, but seldom great wealth from the practice of their profession alone. Occasionally they are interested in some other form of business from which greater returns are derived. But it is an old saying that "The law is a jealous mistress," and a lawyer who enjoys an active practice does not have much time for other affairs.

The greatest financial returns are to be found in large cities where great financial interests are located. The amount of a lawyer's fee in almost all civil cases depends largely upon the amount involved. But while fees are greater in large cities, the expenses of living and of conducting an office are also greater there. Aside from any financial considerations many lawyers prefer to live in smaller communities for reasons which I have not time to enumerate.

I will now refer to some of the qualities most essential to success in the law.

At the head of the list I would place honesty and stability of character. I have already called your attention to the care shown by the Supreme Court in adopting rules for admission to the bar that only applicants of good character may apply for examination. A lawyer is often entrusted with the most intimate personal and business secrets, and it is of vital importance to the client that his trust be not abused. The law makes the communications of a client to his lawyer privileged, and even the courts cannot compel a disclosure of such communications. They are the only privileged communications known to the law in this State, and in many other states—the clergy and the medical profession not excepted.

I have no time to deliver a lecture upon legal ethics, but I will say that altho I have known some dishonest lawyers, yet I have usually found a finer sense of professional honor and busi-

ness integrity among lawyers than among the members of any other profession with whom I have been brought in contact. It is very rarely that a person who trusts a lawyer has that trust abused.

Next, I would place good reasoning powers, or what is commonly called an analytical mind. The simpler forms of law business may be transacted by a man of quite ordinary ability. But an active law practice consists largely, if not chiefly, in the solution of difficult problems, in which the exact facts involved are difficult to ascertain as well as the law applicable to those facts. These problems are usually worked out in the offices, and a lawyer should reach a very definite conclusion in regard to them before he appears in court. Such office work occupies three-fourths or more of the time of most lawyers, and it is here that good powers of analysis are most valuable.

I would include under this head chemistry, physics, or any other of the exact sciences, moreover. Hence, I place mathematics at the head of the list of studies for the training of a high class lawyer. If you can solve difficult problems in algebra, geometry or trigonometry, you will probably be able to solve intricate law problems. And yet I have known at least one very successful lawyer who claimed that he could not understand mathematics. I have always thought that he had ability enough to understand them if he had enjoyed proper training and had applied himself. Many a mathematician is spoiled for lack of proper training, and never discovers his mental powers.

While I have referred first to mathematics I have assumed that every lawyer should have a thorough training in English; that he should understand the construction of the language and the accurate use of words, and be able to determine the derivation of words.

As our laws are derived from the English and theirs were at one time written in Latin and "Law French," many law terms are derived from those languages and a knowledge of one or both is of value to every lawyer. He should also have a good knowledge of history, especially the history of this country and of England. In short, his general education cannot be too broad or too thorough.

In a popular government like ours, where the judges of our courts, even the highest, in this and many other states, are selected from the ranks of lawyers by popular vote, it is a matter of serious public concern when men of limited education, and, therefore, of limited vision, are selected to fill high judicial positions.

As the next qualification I will mention a good address. A man who is accustomed to meet pleasantly, frankly and cordially is more likely to succeed in law, or in any other business, than one who is cold, diffident or indifferent in manner toward those with whom he is brought in contact.

Next I will mention ability as a speaker. I am inclined to think that the importance of this kind of ability is often over-estimated among the qualifications of a lawyer.

As I have stated above, by far the greater part of the work of an average lawyer is done in his office, and his case is practically lost or won by the work he has done before he gets into court; and yet, ability to present his case clearly and intelligently to court or jury is of great value to every practicing attorney. This is especially true of lawyers who are engaged chiefly in the trial of cases. Some of the large law firms in cities have one trial lawyer connected with them whose time is given almost exclusively to the trial in court of cases which are prepared by other members of the firm. To this class of lawyers ability to speak well is of great importance; and for this class of work I do not know of any training superior to that which you young men receive in the Societies connected with Illinois College, supplementing (but not taking the place of) a thorough course in English and also in the principles of oratory.

And, finally, I would place among the essential qualities of a successful lawyer capacity for hard work. No man ever learns all the law, and he must be a student as long as he is in practice. Moreover, no two cases are alike, and every case must be studied with reference to its peculiar state of facts. All of this requires work and patience. Doubtless, many lawyers would not agree with the order in which I have placed the requirements of a lawyer; but the order is not important—the requirements are. Moreover, I am speaking of real lawyers who have studied and who practice law as a profession, and not of those who practice it merely as a trade from which to earn a livelihood.

If you have the qualities I have named in a reasonable degree, you should have at least reasonable success in the law, and if you have them in a very high degree, your success should be corresponding. There will always be work for capable lawyers to attend to. No civilized community ever has existed without lawyers, and none ever will.

EASTER SERVICES AT BLUFFS CHURCH

Large Attendance at M. P. Church Services Sunday Morning—Scott County Soldiers to be Entertained at Winchester—Other Bluffs News Notes.

Bluffs, April 21.—Mrs. Anna Conning and daughter, Miss Loreta of Chicago, are guests of Dr. John R. Lucas who recently located here from that city.

Harry Vannier who recently returned from France and stationed at Ft. Longworth, after a fifteen days furlough with his parents, Mr. and Mrs. Richard Vannier, returned to Camp Sunday.

Norman Bloyd arrived home from France Friday. He is one of the boys to see service overseas.

Mrs. H. G. Rockwood and daughter, Eleanor who have been visiting her mother Mrs. Eli McLaughlin and aunt Mrs. Carrie Sisson, returned to their home in Springfield Sunday evening.

Easter services were well attended at the M. P. church Sunday morning. Special music was furnished by the Sunday school classes and recitations were given by the younger children. The following children, Harold and Henry Oakes, children of Mr. and Mrs. Royal Oakes, Robert Bingham, son of Mr. and Mrs. James Bingham, were presented for baptism at this time. The service was read by the pastor, Rev. E. J. Rees, who also administered the baptismal rites.

The returned soldiers from Scott county will be given a banquet at the Christian church in Winchester Tuesday. The affair is being arranged by the C. N. D. and citizens of the county and at that time the big war tank will be on exhibition and special speakers will be there boosting for the Victory Loan. A big time is expected and Winchester will be in gala attire for the occasion. All returned soldiers are expected to be present for the occasion.

Mr. and Mrs. Paul Green, Miss Bernice Wolford and Addis Fuston motored to Quincy in the latter's car Monday.

Mrs. Henry Masterson of Meredosia spent from Wednesday until Saturday evening with Mrs. E. A. Shore.

Miss May Dunham has returned from Maysville where she spent the winter in school.

Misses Beatrice Borum, Helen Rockwood, H. G. Rockwood and daughters, Misses Alice and Florence of Springfield, spent Sunday with relatives in town.

Sergeant John O'Brien who has been overseas for several months expects to return home soon and perhaps he will bring a French bride with him. Anyway, John says that Mademoiselle is very sweet and if she does not accompany him home she will come later.

Mrs. E. A. Shore left Monday for a visit with friends in Springfield.

Mrs. P. C. Burrus entertained the members of her Sunday school class at a picnic and outing in the grove south of town Saturday afternoon.

Mrs. H. Corbridge spent Sunday with friends and attended services at the M. P. church in the evening.

CASE COMMITTEE WILL MEET TODAY
The Case Committee of the social service league will meet this afternoon at 3:30. A full attendance is desired.

REAGH JENNINGS IS WELCOMED HOME

Has Been in Overseas Service for Nearly Two Years—Murrayville News Notes.

Murrayville, April 21.—There was a happy gathering Sunday of relatives and friends at the home of Mr. and Mrs. E. M. Jennings, the occasion being in honor of their son Reagh, who has recently returned from overseas after an absence of nearly two years. At noon a sumptuous dinner was served which all did ample justice and the afternoon was spent in a social manner. Those present were, Mr. and Mrs. S. F. Sooy and family, Mr. and Mrs. William White and family, Mr. and Mrs. H. G. Riggs and family, Mr. and Mrs. Ernest Henry, Mr. and Mrs. Clyde Fanning, Mr. and Mrs. J. W. Fanning, Mrs. Martha Haynes and daughter Miss Bess, Mrs. Margaret Sooy and son Thomas, Bert Haynes and daughters, Ira Fanning and Clayton Fanning and Miss Malinda McCarty of Jacksonville.

Irvin Haynes who has served in the first division overseas for the past two years arrived home Sunday on a three months' furlough to visit his mother, Mrs. Martha Haynes and sisters Miss Bess Haynes and Mrs. S. F. Sooy. He expects to be stationed at an eastern camp on his return to service.

Miss Hazel Duncan of Manchester spent Sunday with her cousin Miss Ethel Whitlock.

Miss Bird Blimling of Jacksonville was a guest of Miss Thelma Dunaway Saturday and Sunday. Rev. A. M. Cunningham of Pekin, China, addressed the congregation in the M. E. church here Sunday evening.

Mr. and Mrs. J. L. Solomon and children spent Saturday night and Sunday with Mrs. Solomon's parents at Shipman.

Layton McGhee of St. Louis, spent from Saturday until Monday with his parents, Rev. and Mrs. W. H. McGhee.

Mrs. W. W. Walker and Miss Mildred Wright attended a school of instruction for the Rebekahs in Jacksonville Thursday.

Mrs. C. T. Daniel who has been quite ill the past week is improving nicely.

Rev. F. T. Peters of Manchester is papering the M. E. parsonage here this week.

Mrs. C. T. Daniel received word last week of the death of a very dear friend, Mrs. Lydia Joy who died at the home of her daughter in Alton.

A BEAUTIFUL LETTER.

Mr. and Mrs. Jonas Lashmet of this city adopted a French orphan and recently received the following letter which is published by request:

Dear Benefactor:
Permit me to take the place of my little Marguerite to give you thanks for your generosity in her behalf for she is still quite young, hardly 7 years old, to express to you all the recognition which we feel for you and especially at this time when she is suffering. After the great grief that we have after the death of her dear father it is a sweet consolation to know that so far from us there is one who sympathizes with us in our sorrow.

Feel, dear benefactor that each day my little Marguerite, as well as her sister and their mother will think of you and will make prayers for your health in thanks to your benefactor.

Should have liked well to send you her picture but being in treatment for her eyes I still have to take her to the oculist and I shall be able to have the picture made till the eye is well. Her sister Bertha will very shortly make her first communion and at this time I shall have her picture taken if I thought it would please you I would send you one of her's along with that of Marguerite. Now receive, dear benefactor, with all of our sincere thanks the assurance of our entire devotion.

Widow Duchez.
My little girl's address is Marguerite Duchez, Rue des Cailles, Surey-le-Comtal, Loire, France.

MERRITT TO THE FRONT.

The wide-awake village of Merritt is rapidly forging the front in matters religious. Each Sunday sees an increase in the Sunday school attendance. The Easter egg roll service Sunday night called out a congregation that filled the church. The services were excellent, especially the violin duet by the Misses Taylor. The Easter offering, in eggs and cash, totalled nearly \$30.00.

The chicken supper given by the Ladies Aid Society Saturday night was attended by the largest crowd that has been in the church in years. The nearby streets were lined on both sides with automobiles closely packed, and the ladies estimated that they fed at least 200 people. And a fine supper it was; baked chicken, dressing and all that goes with them, ice cream, cake and coffee. The net proceeds over all expenses were in the neighborhood of \$50.00.

The Merritt Concert Band, of 16 pieces, played a number of fine selections, which were most enthusiastically received.

CONGREGATIONALISTS IN EASTER SERVICE

Cantata Given in Evening—Knights Templar Attended Service in Afternoon.

Easter services about the city were generally observed in the various churches and were very beautiful and impressive. The glad day on which the savior's robe is observed through Christendom and while some would rob the event of its significance by denying the authenticity of the event it is gratifying to know they are but few for the great apostle says he was buried and rose the third day according to the scriptures.

Congregational Church

The forenoon services were befitting the day, the Knights Templar met there in the afternoon and in the evening the cantata as announced. That was certainly one of the most delightful and enjoyable services rendered in Jacksonville for a long time. The young people were drilled by Mrs. Bullard, so capable and superior at the organ, and Willard Wesner vocalist who especially cared for the chorus. The whole cantata was rendered without an interruption or halt or error of any perceptible kind. The chorus work was simply perfect and the solos were also superior. The whole occupied the entire evening and all present went away delighted.

The church was most beautifully decorated with flowers and house plants principally the work of Miss Gergia Fairbank and some kind assistants.

Mr. Wesner is to go to State Street church as organist to succeed Miss Ruth Duncan. He has been with the Congregational church choir four months and his work shows for itself. He will have a capable successor at the Congregational church.

The soloists in the cantata were Mrs. A. R. Gregory, Jr., Mrs. Hackett Wilder, Mrs. Irvin Potter, Miss Anne Pessell and Robert Shoemaker.

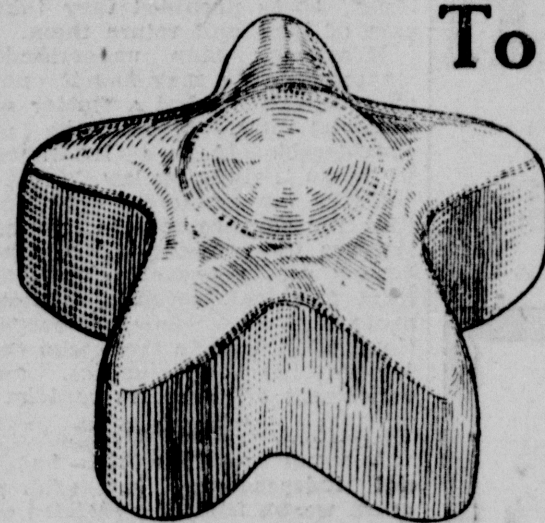

The members of the chorus were: Misses Josephine Conboy, Mae Conboy Opal Windmiller, Gladys Knopp, Bonnie Wood, Alice Carter, Catherine Carter, Virginia Spink, Marjorie Black, Florence McKnight; Messrs Roger Carter, Prof. Hebbert, Irvin Potter.

PREDICT BIG SEASON ON GREAT LAKES

Great Fleet of Cargo Carriers Ready for Record-Breaking Season of Transportation on Inland Marine Highways — Vast Tonnage Carried Last Year

DETROIT, Mich., April — The great fleet of cargo carriers of the Great Lakes is ready for what is expected to be a record-breaking season of transportation on the

inland marine highways. Masters and engineers have been assigned crews selected, craft overhauled, and aids to navigation set in place.

Numerous factors are cited to substantiate the prediction of a big season. Chief among them is the fact that the start once made, will not be hampered by building battles with ice formations in the upper lake region. One of the mildest winters in a decade has left navigation routes unusually free of ice. Vessels are confident a maximum movement will be possible from the outset.

Quicker passage thru the canal at Sault Ste. Marie also is in prospect. The great fourth lock there, with its 100-ton gates in place, is virtually ready for operation. Only installation of minor equipment remains to complete it. Indications are that the new locks will be formally thrown open to commerce early in July.

Europe's enormous demand for products of American soil, including grain, iron, ore, copper and lumber, the resumption of building operations in America and removal of restrictions on coal shipments almost assure capacity cargoes for every boat, vesselmen say.

There will be no drain on the lake fleet for ocean service this year, and some of the numerous vessels taken to the coast last year may even be returned to the lakes.

That the mining regions and grain fields of the country will measure up to expectations is regarded as certain. Labor seems plentiful in the ore regions; the mild winter brought just enough snow to protect the wheat crop, forecast as one of the largest on record.

Stocks of grain at the head of the lakes awaiting shipment are reported heavier than a year ago, and their early movement is expected to curtail shipment of ore during the opening weeks of the season. A considerable amount of bituminous coal was reported on Lake Erie docks April 1.

More than 107,140,000 net tons of ore, coal and grain were carried by the great lakes freighters last year, under the handicap of numerous removals of vessels to the coast, the season was of but little more than seven months duration. The fleet is almost certain to better these figures this year, vesselmen say.

STUDY MONETARY HABITS OF PEOPLE

Groups in Various Industries and Employments Are the Subject of Study by National War Savings Organization — Last Year's Policy of Selling War Stamps Reversed.

Washington, April — Monetary habits of people in various industries and employments are the subject of study by the National War Savings organization with a view of determining the best places and the best times to sell war savings stamps. This is prompted by the reversal of last year's policy of giving an agency to practically every store which would handle the stamps and adoption of a new plan to select carefully a few stores as agencies on condition these make active efforts to push the sale of the stamps. Thus the organization hopes to make the agency privilege a real distinction in each community.

To this end, the war savings organization has undertaken to answer such questions as these:

Are people in a certain industry or locality most likely to buy stamps from their grocery store or from a drug store which is open at night?

Are restaurants and candy stores effective agencies?

What sort of store in a small city is most likely to attract buyers after the post office is closed?

If department stores are made agencies to reach women, in what department or in what aisle location should the stamp-selling booth be located?

What sort of stores are best for selling stamps for children?

What kind of downtown stores are best agents for men? "It is realized, of course," says a War Savings statement, "that banks, building loan associations and such agencies to which people naturally go with money are excellent agents, and school houses are admirable selling points for children. But the Savings Directors want to make certain that adults in residential and industrial neighborhoods can secure stamps conveniently at the hours best suited to them and in connection with their usual trading activities."

"The number and location of agencies per thousand of population is being carefully considered as the Treasury does not wish to split up the stamp business to such an extent that the business of each agency will not be too small to be of any advertising benefit to the agent."

There will be a declaratory contest at David Prince study hall Tuesday evening at 7:30. Pre-Eliminary to select representation for Western High School League on May 3rd. Contestants Gladys Moore, Eunice Williamson, Mabel Tholen, Irene Groves, Margaret Todd, Marian Spruit, Florence Clement, Louise Strunk. Public invited.

HEAD OF RUSSIAN VOLUNTEER ARMY

General Denikine is Supported by Representatives of Various Political Parties—Look to Allies to Help Reinstall Russia.

LONDON. — (Correspondence of the Associated Press.)—General Denikine, head of the Russian Volunteer Army, which is fighting Bolshevism in Southern Russia is described by an English admirer from Odessa as, "A man of about 50 years with regular features and the fine presence of the striking Russian type. He gives one impression of being a broad-minded, high thinking, determined, well-balanced man."

The Associated Press correspondent met this Englishman, whose name may not be disclosed at the British Foreign Office.

Denikine, he said, is guiding his army and his "Special Council" thru dangerous shoals, but so far has not encountered any reefs. The "Special Council," he explained, is a legislative body which is laying the foundations of a "new All-Russian government." He described its members as reformers, "all broad-minded and determined to give Russia every possibility of gaining a place among the great free nations of Europe."

The Volunteer Army now numbering 100,000 men and holding a belt reaching from the Black Sea to the Caspian, he described as non-political. "It stands," according to the traveler, "for a united free Russia, for freedom of press and speech, and is aiming to bring about such conditions in Russia that an administrative government can be formed by the will of the people in a fair election."

Denikine, the Englishman said, is supported by representatives of various political parties, including Cadets, Republicans, Social Democrats and the right wing of the Social Revolutionaries.

In Bolshevik Russia, he continued, "there is only one party, the Bolshevik party. Healthy, progressive Socialists are now suppressed. These Socialists realize that under Denikine they are working to form a 'Special Council.' All parties surrounding the council have learned by experience that possibly for a time a dictatorship will be necessary in Russia to bring about the state of freedom which they have been waiting for years."

"All these political parties and the army are looking to Denikine to whom they held thru all their difficulties, to help reinstall Russia as a great nation. They are willing to fight, and they only ask for munitions, technical aid and advice."

A common purpose, said the observer, actuates General Denikine and Admiral Kolochak, head of the All-Russian government at Omsk. They are separated by strongly-held Bolshevik territory and whether they will be able to join forces at an early date, he was unable to say.

"Just before I came away," he said, "General Denikine remarked to me, 'It would be sweet to hear the bells ringing in Moscow. But our task is so heavy we cannot march. We can only crawl.'"

"Satisfy"

The one thing you've always wished a cigarette would do—SATISFY.

Chesterfields do it. They touch the "smoke-spot." They let you know you're smoking. They satisfy.

Yet, they are mild!

That's some combination for a cigarette to "put across."

But Chesterfields do it!

It's the blend, a new blend of pure Turkish and Domestic tobaccos—and the blend can't be copied.
